Address of Mayor Sargent

January 1, 1925.

To The Honorable Board of Aldermen,
City of Nashua.

On the occasion of the first anniversary of the present city government it is, I feel sure, altogether fitting that we should survey the work of the year just completed also anticipate in so far as possible the problems and opportunities that will be ours for 1925.

From a personal viewpoint not the least by any means of the pleasures of the Mayoralty, and I have found many during the past year, has been my association and relation with your Honorable Board. Every man has displayed a spirit of courtesy and fidelity, and while in occasional matters there has been division of opinion, in all cases our discussions have been considerate, honest, and always, in my opinion, having the very best interests of the City in mind.

Appreciation is also due every employee of the City in whatever station as they have, with but few if any exceptions, given loyal service.

Practically all of our departmental agencies have kept within their budget appropriations, the only marked exception being in the case of our excellent fire department who were under the unexpected expense of installing a new boiler at the Central Fire Station.

GENERAL CONDITIONS IN NASHUA

A year ago I commented at some length concerning the evidences of substantial and healthy growth of our City. To my mind this condition could be more justifiably emphasized at this time because on either hand we see concrete evidences of healthy growth and development, not only industriallly but in the matter of new homes which are appear-

ing in all parts of the city. The demand for housing facilities, however, is still far from satisfied, and I hope that the coming year will show a marked improvement in this direction.

NET CITY DEBT AND BORROWING CAPACITY

After providing for projects under way, including the Mount Pleasant School and the widening of Main Street between West Pearl and West Hollis Streets, the net debt of the city is $1,648,506.39. The present borrowing capacity for future need is $818,742.45.

ACCOMPLISHMENTS

In the inaugural message of one year ago I emphasized the desirability of several undertakings of a substantial character. One of these was the widening of Main Street between West Pearl and West Hollis Streets. This, as you know, has been accomplished, and as a matter of public interest regarding the cost would state that the total damages awarded are $76,204.45, the total cost of building the street $16,192.49, making a grand total of $92,396.94.

Another development urged was the erection of a new Mount Pleasant School building. This, as you know, is nearing completion, and I am informed will be ready for occupancy in the late spring of this year.

Another and exceedingly interesting development has been the Harbor swimming pool and Bath House brought about through the purchase of the Field's Grove property. While a portion of the suggested program concerning recreational facilities was not carried to completion, yet real steps have been taken in the matter of providing baseball grounds and skating rinks at both North and South Commons. Much headway has been made in the matter of reclaiming South Common to public uses, and with your approval I hope that further effort towards improving conditions there may be made during the coming year.

Attention might be called to the new City Hall passageway, to much permanent street and sidewalk building, and several much needed sewer extensions. The completion

and occupancy of the splendid James B. Crowley School and many smaller activities of a necessary and constructive character.

BUILDING REGULATIONS

With your consent I appointed a committee of three who have been making a very careful survey and study of the needs of proper building regulations. I had hoped that this committee would be in position to make a complete report before this, but their work has been arduous and it will probably be well towards spring before it is completed. However, the prospects are that this matter will be before you for attention so that this much needed regulation can be made effective during the coming summer.

DESTROYING OF MAIN STREET BRIDGE

The destruction by fire of our historic Main Street Bridge was to say the least unexpected. We have met this situation man-fashion and the traffic is now being cared for through the medium of a temporary bridge. The cost of this structure has not yet been determined because it is so recent that the bills have not yet been received; but the splendid assistance from all sides together with the co-operation of the travelling public has made it possible for us to meet this emergency much better than ordinarilly might have been expected.

You have already authorized the Mayor and Board of Public Works to have prepared suitable detailed plans and specifications providing for a new bridge much wider and of concrete and granite construction. This work is under way and the matter should be ready for consideration and final action so that the work can be commenced as soon as weather conditions are suitable.

WIDENING OF MAIN STREET

The following is a part of my inaugural message of one year ago: "The ever increasing automobile traffic emphasizes the need of some action to eliminate the congestion in that section of Main Street, from City Guaranty Savings Bank to Franklin Street, commonly known as 'the neck of

the bottle.' This is a condition which you should have in mind for remedy in the comparatively near future. It will probably involve the setting back of a number of bulidings and the construction of a new bridge across the Nashua River. I offer this as a matter worthy of thought and one well worth while to keep in mind and plan for rather than as a subject for immediate action."

There is considerable activity among our citizens urging that this condition be remedied at the present time in connection with the building of the permanent bridge structure. I hold no brief for the proponents of this idea, neither by any manner or means do I oppose it. The matter is in the hands of a competent committee for discussion and to ascertain all the facts concerning the feasibility of the plan and its cost. When the report of this committee becomes public we can then better determine with regard to the wisdom of action, but I do feel, however, that in reaching a conclusion we should be actuated by a broad vision having in mind the needs of a larger and better Nashua rather than be governed by a more or less mystic passion for parsimony.

EAST PEARL STREET

Conditions of East Pearl Street are almost intolerable and the Board of Public Works would be gald to remedy them. Through Court proceedings, however, they are temporarily enjoined from taking certain steps in the matter of permanent improvement of this thoroughfare that the Board feel must be taken before the work can be properly done. In our opinion the street should be widened some five feet, suitably paved, and would then become one of the many fine streets of which Nashua is justly proud.

MOTORIZATION OF FIRE DEPARTMENT

Within a short time I shall present to your Honorable Board for consideration a proposition looking to the complete motorization of our Fire Department. The Lake Street Station and the Crown Hill Station are sadly in need of suitable equipment. This has clearly been demonstrated at recent fires, and I do not feel that I shall have done my duty to the City of Nashua unless this matter has been brought

before you for definite action.

In conclusion may I repeat that my work as Mayor of the City during the past year has been pleasurable, primarily because in connection with your Honorable Board it has been possible to do things of a constructive character for the upbuilding and betterment of Nashua. It is my wish that during the year ahead we may be filled with a still greater desire for genuine, unselfish service. I would not have our finances handled in a niggardly manner, but at the same time I would urge that economies and thrift be practiced in all matters that have to do with the financial structure of this city.

CITY GOVERNMENT OF THE CITY OF NASHUA, N. H.
FOR THE YEARS 1924-1925

MAYOR

Hon. Eaton D. Sargent
Residence, 15 Fairmount Street
Elected at the General Municipal Election December 4, 1923

RESOLUTION

AUTHORIZING THE MAYOR AND TREASURER TO ISSUE BONDS IN THE AMOUNT OF $210,000.00 TO PAY FOR THE ERECTION AND CONSTRUCTION OF THE MT. PLEASANT SCHOOL BUILDING ON MANCHESTER STREET

CITY OF NASHUA

In the Year of Our Lord One Thousand Nine Hundred and Twenty-four

RESOLVED, By the Board of Aldermen of the City of Nashua:

Pursuant to the provisions of the Municipal Bonds Act of 1895 as amended by the Laws of 1917 and to the provisions of

a special act which was approved on May 4, 1923 entitled "An Act empowering the City of Nashua to incur debt to the amount of six per cent of its valuation" the Mayor and Treasurer are hereby authorized to issue and sell, under the direction of the Finance Committee, bonds of the City of Nashua in the aggregate principal sum of Two Hundred and Ten Thousand Dollars ($210,000.00.)

Said bonds are to be issued for the purpose of paying for the erection and construction of the Mount Pleasant School Building on Manchester Street in said Nashua and the proceeds of the sale of said bonds are hereby appropriated for that purpose. Said bonds shall be payable to bearer, shall be dated July 1, 1924, shall bear the City Seal, shall be signed by the Mayor and countersigned by the City Treasurer and the said bonds shall be for the sum of ($1,000.00) One Thousand Dollars each and shall be due and payable serially each year as follows:

Eleven Bonds of $1,000.00 each in one year, Eleven Bonds of $1,000.00 each in two years, Eleven Bonds of $1,000.00 each in three years, Eleven Bonds of $1,000.00 each in four years, Eleven Bonds of $1,000.00 each in five years, Eleven Bonds of $1,000.00 each in six years, Eleven Bonds of $1,000.00 each in seven years, Eleven Bonds of $1,000.00 each in eight years, Eleven Bonds of $1,000.00 each in nine years, Eleven Bonds of $1,000.00 each in ten years, And Ten Bonds of $1,000.00 each in eleven, twelve, thirteen, fourteen, fifteen, sixteen, seventeen, eighteen, nineteen and twenty years respectively from the date thereof, shall bear interest at a rate to be established by the Treasurer, not exceeding four and one half per cent per annum and shall be payable semi-annually on the 1st day of January and the first day of July in each year.

Both principal and interest shall be payable in gold coin of the United States of America of the present standard of weight and fineness at the office of the Treasurer in Nashua, New Hampshire, or, at holder's option at the First National

Bank of Boston, Boston, Mass.

The coupons shall bear the fac-similie signature of the Treasurer. None of said bonds shall be obligatory without the authenticating certificate of said The First National Bank of Boston endorsed thereon.

RESOLUTION

OMITTING REGULAR MEETINGS

CITY OF NASHUA

In the Year of Our Lord One Thousand Nine Hundred and Twenty-four

RESOLVED, By the Board of Aldermen of the City of Nashua.

That the second regular meeting of the Board of Aldermen be omitted during the months of June, July, August and September 1924.

In Board of Aldermen
Passed June 10, 1924.
Edwin Morey, President
Approved June 12, 1924.
Eaton D. Sargent, Mayor.
Attest: ARTHUR L. CYR,
City Clerk.

AN ORDINANCE

In the Year of Our Lord One Thousand Nine Hundred and Twenty-four

CITY OF NASHUA

TO PROVIDE FOR THE SALE OF PURE MILK IN NASHUA TO PREVENT THE SPREAD OF CONTAGIOUS DISEASES.

Be it Ordained, By the Board of Aldermen of the City of Nashua

Sec. 1. All milk sold in Nashua shall be graded as

1. Tuberculin Tested.
2. Inspected.

The word "milk" shall mean milk, cream, skim milk and buttermilk, but shall not include any of the by-products of milk sold or delivered in hermetically sealed containers.

Sec. 2. On or after July 1, 1926, tuberculin tested milk shall mean milk drawn exclusively from accredited herds or herds under Federal and State supervision, and shall contain not more than 100,000 bacteria per cubic centimeter for raw milk and not more than 25,000 bacteria per cubic centimeter for pasteurized milk. At the time for applying for a license to sell tuberculin tested milk on or after July 1st, 1926, the dealer must file a sworn statement giving the result of all tests made during the previous year.

Sec. 3. Until July 1st, 1926, tuberculin tested milk shall mean milk drawn from tuberculin tested and non-reacting cows, and shall contain not more than 100,000 bacteria per cubic centimeter for raw milk and not more than 25,000 bacteria per cubic centimeter for pasteurized milk. At the time of applying for a license to sell tuberculin tested milk the

dealer must file a certificate signed by a registered veterinary stating that all the cows in the herd or herds from which the milk is produced have been tuberculin tested by him within one year and found to be free from tuberculosis, together with a detailed report of such tests.

Sec. 4. Inspected Milk shall be milk produced, handled and marketed in accordance with the rules and regulations passed by the State Board of Health under the provision of an Act to provide for Inspected Milk Laws of 1911.

Sec. 5 No person, firm, or corporation shall sell or offer exposed for sale in any vehicle, shop, store or other place where goods and merchandise are sold, milk unless the same is exposed or kept for sale in tightly closed capped bottles or receptacles which have been approved by the Board of Health.

Sec. 6 Milk, kept for sale shall be stored and kept at a temperature which shall at all time be not more than 50 degrees F.

Sec. 7 No bottles shall be filled except at the dairy, creamery, or home of the producer.

Sec. 8 No dealer shall use a milk vessel or container for any other substance than milk.

Sec. 9. Immediately upon the discovery of any case of Tonsilitis, Scarlet Fever, Diphtheria, Typhoid Fever, or any other contagious disease, either in himself, his family or among his employees or their immediate associates, every person engaged in the production, distribution, or sale of milk, shall notify the Nashua Board of Health, and at the same time suspend the sale of such milk until authorized to resume the same by said Nashua Board of Health.

Sec. 10 No bottles, pans, or vessels shall be removed from a private house, tenement or apartment, or place where

a person has a contagious disease until consent thereof has been obtained from the Board of Health.

Sec. 11. Caps for bottles must be purchased in sterilized containers that will protect them from contamination until used. The labels on the cap must show in plain legible manner the kind of milk and the grade thereof.

Sec. 12. The Board of Health are hereby authorized and empowered to make all rules and regulations as to the utensils to be used in the production, care, cooling, storing, transporting and sale of milk; also as to the washing, care and cleansing of all utensils and apparatus so used.

Sec. 13. The Board of Health is further empowered to make regulations prescribing conditions as to care, feed, stabling, ventilation and cleanliness under which each and every cow is kept and fed whose milk is proposed to be sold, or offered for sale, in the City of Nashua.

Sec. 14. All stables, barns, milk houses, milk wagons and all other places where milk is produced, handled, kept, or stored shall be opened to inspection by the Board of Health or its representatives at all times, and shall be kept in a clean conditions and under such sanitary regulations as the Board of Health may prescribe.

Sec. 15. No milk shall be sold or offered for sale or distributed in the City of Nashua which is drawn from cows within 15 days before or 5 days after parturition.

Sec. 16. Milk shall be removed from the barns immediately after milking to a clean place strained through new cotton or some other clean efficient strainer.

Sec. 17. Milk shall be cooled immediately after milking to a temperature approximating 50 degrees F., and maintained at that temperature until delivered.

Sec. 18. All persons engaged in the production, distribution or sale of milk shall upon request of the Board of Health furnish a certificate showing them to be free from all contagious and infectious diseases. Such certificate may be

issued by any registered physician approved by the Board of Health.

Sec. 19. Any license grandted for the sale of milk either by wholesale or retail in the City of Nashua under the authority of the Board of Health, may be revoked or suspended by the order of the Board of Health or by the Milk Inspector. Said suspension shall not be effective until a written order therefor stating the cause of such suspension shall have been served upon such licensee personally or by leaving same at his residence. Whenever a license is suspended as aforesaid by the Milk Inspector, the same shall remain effective and be in force for one week, provided, however, that said licensee may apply at once to the Board of Health for a hearing which shall be held thereon within a reasonable time. There shall be no revocation of licenses for the sale of milk for a period of more than one week without an opportunity being given the licensee to be heard thereon.

Sec. 20. All utensils which come in contact with milk shall be thoroughly washed and sterlized with live steam or boiling water or by some other effective and harmless method of sterilization approved by the Board of Health.

Sec. 21. Any person, firm, company or corporation violating any of the provisions of this ordinance, or whoever hinders or obstructs any authorized Milk Inspector in the pursuit of his lawful duties shall be guilty of misdemeanor and upon conviction thereof shall be punished by a fine not exceeding $10.

Sec. 22. This Act shall take effect July 1, 1924, except as to Sec. 2, which shall take effect on July 1st, 1926, as therein set forth.

Sec. 23. The Board of Health are hereby authorized and empowered to make rules and regulations prescribing the material, shape, size and condition of receptacles that may be

used to draw milk from the cow, which is to be offered for sale or sold in the City of Nashua.

RESOLUTION

AUTHORIZING THE MAYOR TO TENDER AWARD OF DAMAGES TO CERTAIN OWNERS OF PROPERTY FOR LAND TO BE TAKEN IN THE MAIN STREET WIDENING MATTER

CITY OF NASHUA

In the Year of Our Lord One Thousand Nine Hundred and Twenty-four

RESOLVED, By the Board of Aldermen of the City of Nashua.

Whereas all necessary legal proceedings have heretofore been taken by the City of Nashua through its duly authorized officers to acquire by eminent domain and for public purposes the land lying on the west side of Main Street between West Pearl Street and the tracks of the Worcester, Nashua, and Portland Railroad, as laid out according to a plan of the City Engineer of said Nashua for widening the west side of Main Street; and,

Whereas said City of Nashua desires at this time to take over land for the purpose of widening said Main Street;

That said land be and hereby is taken by said City of Nashua for widening said Main Street; and for that purpose and to fulfill all legal and statutory requirements in the premises, the following awards of damages are hereby made to the respective owners of said land, to wit:

Samuel Ledoux, Jr. & Hector Bourque	$16,582.60
James U. Tolles	2,046.00
Daniel F. Shea	7,090.00
George Markarian, Heirs	7,360.50
New Hampshire Consistory	11,048.00
John A. Fisher Estate	3,698.60
Roman Catholic Bishop of Manchester, Corp. Sole	9,578.00

That the Mayor of said Nashua is hereby ordered to make legal tender to the respective owners aforesaid, whereupon the widening of said Main Street shall proceed forthwith.

RESOLUTION

AUTHORIZING THE MAYOR AND TREASURER TO ISSUE BONDS IN THE AMOUNT OF $100,000 TO PAY FOR LAND TAKEN IN THE MATTER OF WIDENING MAIN STREET FROM WEST PEARL TO WEST HOLLIS STREET AND FOR THE PERMANENT RECONSTRUCTION OF SAID HIGHWAY

CITY OF NASHUA

In the Year of Our Lord One Thousand Nine Hundred and Twenty-four

RESOLVED, By the Board of Aldermen of the City of Nashua.

Pursuant to the provisions of the Municipal Bonds Act of 1895 as amended by the Laws of 1917 and to the provisions of a special act which was approved on May 4, 1923 entitled "An Act empowering the City of Nashua to incur debt to the amount of six per cent of its valuation" the Mayor and Treasurer are hereby authorized to issue and sell, under the direction of the Finance Committee, bonds of the

City of Nashua in the aggregate principal sum of One Hundred Thousand Dollars ($100,000.)

Said bonds are to be issued for the purpose of paying for land damages for land taken by reason of the widening of Main Street from West Pearl Street to West Hollis Street and for the permanent reconstruction of said highway and the proceeds of the sale of said bonds are hereby appropriated for that purpose. Said bonds shall be payable to bearer, shall be dated October 1, 1924, shall bear the City Seal, shall be signed by the Mayor and countersigned by the City Treasurer, and the said bonds shall be for the sum of one thousand dollars ($1000.00) each, and shall be due and payable serially each year as follows: Five bonds of $1000.00 each in one year, two years, three years, four years, five years, six years, seven years, eight years, nine years, ten years, eleven years, twelve years, thirteen years, fourteen years, fifteen years, sixteen years, seventeen years, eighteen years, nineteen years and twenty years respectively from the date thereof, shall bear interest at a rate to be established by the treasurer not exceeding four and one-half per cent per annum, and shall be payable semi-annually on the first day of October and the first day of April of each year.

Both principal and interest shall be payable in gold coin of the United States of America of the present standard of weight and fineness at the Office of the Treasurer in Nashua, New Hampshire, or, at holder's option at the First National Bank of Boston, Boston, Massachusetts.

The Coupons shall bear the facsimile signature of the treasurer. None of said bonds shall be obligatory without

the authenticating certificate of said The First National Bank of Boston endorsed thereon.

RESOLUTION

AUTHORIZING THE MAYOR AND TREASURER TO ISSUE BONDS IN THE AMOUNT OF SEVENTY THOUSAND DOLLARS ($70,000,00) TO PAY FOR THE INSTALLATION AND CONSTRUCTION OF SEWERS IN PUBLIC STREETS IN NASHUA

CITY OF NASHUA

In the year of Our Lord One Thousand Nine Hundred and Twenty-four

RESOLVED, By the Board of Aldermen of the City of Nashua.

Pursuant to the provisions of the Municipal Bonds Act of 1895 as amended by the laws of 1917, Chapter 129, and to the provisions of a special act which was approved on May 4, 1923 entitled "An Act empowering the City of Nashua to incur debt to the amount of six percent of its valuation" the Mayor and Treasurer are hereby authorized to issue and sell, under the direction of the Finance Committee, bonds of the City of Nashua in the aggregate principal sum of Seventy Thousand Dollars ($70,000.00.)

Said bonds are to be issued for the purpose of paying for the installation and construction of public sewers in certain public streets in Nashua, namely, Factory Street, Walnut St., West Pearl Street, Ash Street, Central Street, Park Street, Cottage Street, Lewis Street, Locust Street and in divers

other Streets within the City of Nashua and the proceeds of the sale of said bonds are hereby appropriated for that purpose.

Said bonds shall be payable to bearer, shall be dated November 1, 1924, shall bear the City Seal, shall be signed by the Mayor and countersigned by the Treasurer and the said bonds shall be for the sum of One Thousand Dollars ($1,000.00) each and shall be due and payable serially each year as follows: Five Bonds of One Thousand Dollars ($1000.00) in one, two, three, four, five, six, seven, eight, nine and ten years and Four Bonds of One Thousand Dollars ($1000.00) each in eleven, twelve, thirteen fourteen and fifteen years respectively, from the date thereof; shall bear interest at a rate to be established by the Treasurer, not exceeding four and one-half per cent per annum, said interest to be payable semi-annually on the first day of May and the first day of November of each year.

Both principal and interest shall be payable in gold coin of the United States of America of the present standard of weight and fineness at the office of the Treasurer in Nashua, New Hampshire, or, at the holder's option at the First National Bank of Boston, Boston, Mass. The coupons shall bear the fac-simile signature of the Treasurer. None of said bonds shall be obligatory without the authenticating certificate of said The First National Bank of Boston endorsed thereon.

REPORT

OF THE

Board of Health, Health Inspector and the Milk Inspector

FOR THE

FINANCIAL YEAR

1924

CITY OF NASHUA

Report of the Board of Health

Nashua, N. H., April 1st, 1925.

To His Honor the Mayor and Board of Aldermen.

Gentlemen:—

During the past year and on account of our inability to close a suitable contract for the collection of Garbage in our City we were obliged to purchase a Ford truck with equipment and employ two men to collect our garbage.

Our observation under this method leads us to the conclusion that we should have at least two trucks of three ton capacity with a crew of four men to satisfactorily collect our garbage. Our present method of disposing of garbage by dumping is also unsatisfactory and we would recommend either incineration or garbage yard as a means of settling this problem.

During the year the Board of Aldermen passed a Milk Ordinance as submitted by this Board this necessitated the employment of a full time Milk Inspector. We are sure that the results attained will put our milk supply far above the average.

We wish to call your attention to the absolute need of a well equipped Isolation Hospital for our city. We are without any facilities for hospitalizing our contagious diseases

and should any serious epidemic of contagious diseases come to our city we would be unable to properly care for it.

During the year 1924 we continued our office work, maintained clinics for venereal diseases and tuberculosis. Carried on our Contagious Disease Department under the direction of the Chairman and Contagious Disease Nurse.

In the Spring of the year in conjunction with the Board of Public Works we carried out the Annual Clean-up Campaign.

The following cases were reported during the year:

Scarlet Fever	63
Diphtheria	20
Measles	80
Mumps	18
Whooping Cough	4
Chicken Pox	13
Gonorrhoea	70
Syphillis	25
Tuberculosis	40
Infantile Paralysis	2
Typhoid Fever	1

The above figures show only those cases reported to this department, while there are many cases of Measles, Mumps, Chicken Pox and Whooping Cough that are never reported.

Respectfully submitted,

NASHUA BOARD OF HEALTH,

P. J. McLAUGHLIN, M. D., Chairman.
D. G. SMITH,
RAYMOND S. COTTON.

Report of Health Inspector

Nashua, N. H., March 1, 1925.

To the Board of Health, City of Nashua, N. H.

Gentlemen:—

I hereby submit the following report as Health Inspector of the City of Nashua, from January 1st, 1924-1925.

Houses Placarded	150
Houses fumigated	125
Houses Inspected	6
Plumbing and drainage inspection	7
Privy and vault inspection	14
Yard and Alley inspection	82
Barber shops inspected	44
Restaurants inspected	48
Bakeries and bakery wagons inspected	22
Food stores inspected	235
Candy factories inspected	20
Complaints investigated	66
Dumps inspected and ordered abated	3
Water sent to Concord for analysis	4
Nuisances ordered abated	28
Common drinking cups ordered abated	2
Lying-in-hospitals inspected	3
Infant Asylums inspected	4
Bakeries found unsanitary	2
Ice cream plants inspected	8
Ice sent to Concord for analysis	4
Boarding Houses inspected	32
Fish Markets inspected	6

During the year I gave special attention to sterilizing dishes in restaurants and sterilizing of drinking cups at Soda Fountains, and tonic establishments.

I spent a good part of my time inspecting ice chests in Food Stores advising them to either shellac or paint the interior of their chests, this we find the best way to keep them sanitary.

During the two weeks in April assigned for "Clean-up," with the aid of four assistants we covered the entire city, and found conditions much improved over previous years.

On account of the employment of a full time Milk Inspector I spent a portion of my time acquainting him with the location of farms and dairies sending milk into the City of Nashua.

During the month of December I spent much of my time in locating children that had been bitten by a mad dog, and in aiding the Police Department in locating dogs that had been bitten by this mad dog. We disposed of a large number of dogs shot by the police department.

Thanking the members of the Board of Health for their kind co-operation to me during the past years, I am,

Respectfully yours,

T. F. CULLEN,

Health Inspector.

Report of Milk Inspector

Nashua, N. H., April 1, 1925.

Nashua Board of Health,

Gentlemen:—

July 1st, I assumed the duties of Milk Inspector working under the new adopted Milk Ordinance, and during the six months ending January 1, 1925, I made a thorough survey of the milk situation and find we have the following:

Number of Milk Producers	150
Number of Licensed Milk Dealers	53
Number of Licensed Stores selling milk	163
Number of Milk Licenses issued	215
Number of Paid Licenses	175
Number of Dealers selling Pasteurized Milk	3
Number of Plants in the City Equipped with Pasteurizers	2
Percentage of Milk Pasteurized	33 1-3
Number of Farms and Dairies Inspected	350
Examinations of Milk and Cream	447
Number of Butter Fat Examinations	163
Total Number Satisfactory	120
Number Unsatisfactory	43
Total Number of Examinations, Total Solids	165
Number Satisfactory	117
Number Unsatisfactory	38
Total Number, Sediment Tests	125
Number Satisfactory	99
Number Unsatisfactory	26

I find the daily consumption of milk to be 14,500 quarts which gives a per capita consumption of 1 pint of milk daily. Eighty per cent of the producers are located within 10 miles of Nashua. Ninety-five per cent of the milk is produced within a radius of ten miles from Nashua. About 20% of the cream is produced within a radius of 10 miles from Nashua.

Considerable time was spent in re-arranging and equipping the laboratory in the City Hall. We installed a complete outfit for bacterial examination of Milk and Cream. We installed a dry heat sterilizer, but I still need an equipment for the accurate determination of water in milk which I hope will be installed this coming year.

I assisted the Health Inspector during the month of December in precautionary measures necessitated by a mad dog biting a number of children and dogs in and about Nashua, also in disposing of numerous dogs which were killed by the Police Department, they acting in conjunction with the Board of Health for the safety of the public.

I also assisted during the month of November and December the Contagious Disease Nurse in her work of placing under quarantine many houses where contagious diseases were, that she would have otherwise been unable to reach except by automobile and on account of the very poor conditions of the roads, she herself was unable to drive the car.

Respectfully submitted,

ALBERT E. SMITH,

Milk Inspector.

REPORT

OF THE

CITY PHYSICIAN

FOR THE

FINANCIAL YEAR

1924

CITY OF NASHUA

Report of City Physician

Nashua, N. H., March 18, 1925

To His Honor, the Mayor and the Board of Aldermen,

REPORT

OF THE

FIRE COMMISSIONERS

FOR THE

FINANCIAL YEAR

1924

CITY OF NASHUA

Report of Fire Commissioners

To the Honorable Mayor and Board of Aldermen,

Gentlemen:—

We respectfully submit to you the report of the Fire Department for the year ending December 31, 1924.

The Board of Fire Commissioners, consisting of H. C. Lintott, C. H. Austin and E. W. Duncklee, met January 1st, and organized by electing H. C. Lintott as chairman and E. W. Duncklee as clerk.

The Fire Department had by far the busiest year in its history, having answered 380 alarms. 3 more than any previous year, and 987 Ambulance calls.

The fire losses for the year were heavy, in keeping with the increase in the number of alarms. The total loss on buildings amounted to $51,109.83 and on contents $66,222.70, making a total of $117,339.53. Insurance companies paid the sum of $101,116.70, leaving an uninsured loss of $16,222.83. We regret to report that 3 persons lost their lives by fire during the year.

The following appointments were made:—Drivers of the motor apparatus—G. S. Lewis, L. Soucy and R. Downey.

Fire Prevention Week, October 7th, to 15th, was again fittingly observed by the Department

INSPECTIONS OF THE DEPARTMENT

Officers and members have made Inspections of Blocks, Cellars, Yards, etc., to guard against the accumulation of rubbish and inflammable material and to note any conditions liable to cause fire.

These Inspections are of great benefit to the citizens and property owners in general. The Inspections are also of great value to this department, allowing the members to familiarize themselves as to the nature of contents and the construction of the different buildings within their districts.

We think that every effort should be made to lower our insurance rates. This we are sure can be accomplished with the drafting of a new building code in addition to the changes and improvements being made in this department.

In conclusion, we wish to extend our thanks to His Honor the Mayor, and the members of the Board of Aldermen, for their co-operation and interest in our department, to the Chief of Police and members of the Police Department; Superintendent and employees of the Water Department for valuable services rendered; also the Gas and Electric Departments of the Traction Co.

The officers and members of the Fire Department have our commendation and sincere thanks for the efficient and faithful manner in which they have performed their duties.

FIRE RECORD FOR 1924

H. E. Cutter, Driver of Motor Apparatus.
J. H. Varney, Driver of Motor Apparatus.
R. Downey, Driver of Motor Apparatus.
L. Soucy, Driver of Motor Apparatus.
G. S. Lewis, Driver of Motor Apparatus.

FIRE ALARM TELEGRAPH

This branch of the service is now in good condition except the placing of the wires in ducts located by the N. E. T. & T. Co. in place of overhead wires which work is still in progress as fast as ducts are laid.

Respectfully submitted,
H. C. LINTOTT,
C. H. AUSTIN,
E. W. DUNCKLEE,

Fire Commissioners.

REPORT OF THE

POLICE COMMISSIONERS

FOR THE
FINANCIAL YEAR
1924

CITY OF NASHUA

Report of the Police Commissioners

Nashua, N. H., January 20, 1925.

To His Honor the Mayor and Board of Aldermen,

Gentlemen:—

We hereby submit the report of the Police Commissioners for the year, 1924.

The fifteen hundred dollars which was granted to this Department to be used in conjunction with the Fire Department for laying underground ducts could not be used to advantage during the past year and the amount has been turned over to the City Treasury as part of an unexpended balance. It is the desire of this Department that an appropriation of an equal amount be allowed for the ensuing year, so that if it should be needed it would be available for that purpose.

The ever increasing number of automobiles from year to year on our streets, both local and from outside of the city, has become a matter of great concern for the proper parking of these automobiles and it is something which should receive careful consideration in the near future to relieve congestion.

We also submit a detailed report of the Chief of Police.

Respectfully submitted,

HORACE E. OSGOOD,
FRANK P. RIDEOUT,
Police Commissioners.

REPORT OF THE

CHIEF OF POLICE

FOR THE
FINANCIAL YEAR
1924

CITY OF NASHUA

Report of the Chief of Police

To the Board of Police Commissioners of the City of Nashua,

Dogs killed by automobiles	16	
		606

ACCIDENTS THAT PROVED FATAL

Drowning	1	
Accidental shooting	1	
Asphyxiation	2	
Automobiles	2	
		6

During the year two men were permanently assigned to liquor violations of the law, and by their work and the co-operation of the rest of the Department, 182 convictions were obtained, from a total of 283 arrests, in the Municipal Court. Fines and costs assessed, not including witness fees paid out, totaled $11,025.40. To make the special assignment it was necessary to readjust the policing of the City, as no provision was made for extra men for this purpose. With this in view, during the first part of the year I requested your Commission to furnish me with two Ford automobiles for use in night patrol service. Your Commission granted my request and two Ford Runabouts were purchased and put into commission. These cars were used in parts of the City where

patrol routes covered large areas and the principal service of the patrol in these sections were for fire protection and possible violation of the law.

The motor patrol has proved an economic success, as each car operated by an officer has covered the patrol route which was formerly covered by two patrolmen and very much more effectively, and in several cases during the year persons violating the law who were using automobiles were apprehended immediately and who would not have been caught had the officer been on foot.

Respectfully submitted,
IRVING F. GOODWIN,
Chief of Police.

REPORT

OF THE

TRUSTEES OF EDGEWOOD CEMETERY

FOR THE

FINANCIAL YEAR

1924

CITY OF NASHUA

Annual Report of the Trustees of Edgewood Cemetery

To the Honorable Mayor and Board of Aldermen:—

The Trustees of Edgewood Cemetery present their 31st annual report, for the calendar year, 1924, as follows:

The Cemetery grounds and buildings have had the usual care during the year, and are in excellent condition. Our fences are in poor order and are near the point where complete rebuilding will be necessary. Little new area has been needed for lots, but next year we shall need to lay out and grade quite a number of lots for single interments, and probably add some new lots in Section R, near the center of the grounds. The money borrowed toward purchase of land Easterly from the Cemetery, mentioned in our last report, will have been paid before this report appears in print.

The financial condition of the Cemetery on December 31, 1924, is shown as follows:

TRUST FUND FOR PERPETUAL CARE OF LOTS

Amount at last annual report	$38,262.33
Received during the year (13 bonds)	2,016.00
	$40,278.33

Which is invested as follows:

$6,000 City of Nashua, 4½s, 1942	$ 6,000.00

Total No. of patients treated during the year, 1924, was	1515
Patients remaining in Hospital January1, 1924	39
Surgical patients admitted	671
Medical patients admitted	237
Obstetrical patients admitted	110
Births	97
Number of house patients admitted	1115
Number of out patients admitted	174
Number of out patients admitted for X-Ray	187
Total number of patients treated	1515
Patients remaining in hospital January 1, 1925	47
Total number of X-Ray patients for the year	417
Total number of hospital days	16025
Largest number of patients in hospital any one day	56
Smallest number of patients in hospital any day	33
Average number of patients in hospital per day	44
Average time spent in hospital	14.3 days
Average cost per patient per day	$3.09
Death rate	3.9%
Increase in number of patients over 1923	90
Donations from friends	$ 745.50
City appropriation	2,500.00
Cash received from patients	45,889.85

Number of patients who paid their bills in ful	1268—83%
Number of patients who paid their bills in part	55— 4%
Patients who delayed payment	109— 8%
Charity patients	85— 5%
Charity	13%

Compared with the work of the previous year, this tabulation shows:

Increase

X-Ray	33%
House Patients	7%
Out Patients	7%
Obstetrical patients	22%
Number of births	22%

Salaries increased on account of increased work:

House Patients:

Single	596
Married	423
Widowed	86
Divorced	9
Males	493
Females	620
Catholic	388
Protestant	697
Greek Orthodox	11
Hebrew	16
Born in U. S. A.	946
Foreign born	168
Children	288

The management has continued its policy of upkeep in the Hospital property, and during the year the walls and floors of the Hospital building have been thoroughly renovated, new furniture installed where needed and additional supplies put in storage to meet any possible emergency. Necessary repairs were also made in the Nurses' Home and in the Annex.

The equipment in the laboratories, operating rooms and X-ray department has been increased, the most expensive, practical and appreciated addition being a new Portable X-ray machine at a cost of $850.00. This machine makes it possible to take a picture of a patient wherever connection can be made with an ordinary lighting recepticle and is invaluable in cases that for any reason cannot be moved from their beds to the X-ray rooms.

Three years ago we called attention to the constantly increased average attendance of patients and repeated the same in succeeding yearly reports. The number of patients in 1924 was such as to keep all beds filled as well as extra beds and cots up in the corridors and class room. At times also the Superintendent's quarters and waiting room were commandeered to relieve the congestion and accommodate the acutely ill and the injured.

In September your Committee called a meeting of the Trustees and invited representative business men, merchants, manufacturers and interested citizens to be present in conference. The growing needs of the City were thoroughly canvassed, the necessity of increased hospitalization recognized and the advisability of immediate steps directed to relief and improvement were unanimously voiced by all present.

Tentative plans for a new Nurses' Home and an enlargement of the East wing of the Hospital designed especially for maternity cases and a children's department at an estimated cost of $150,000.00 has been provided by your committee. It was decided to start a campaign among the citizens of Nashua and surrounding towns to raise this amount.

The services of Will Folsom and Smith, New York, specialists in matters of this kind were secured to direct the plans of the campaign.

Under the very able management of General Chairman Eaton D. Sargent, Vice-Chairman William F. Sullivan, and Chairman of Memorial Committee Lester F. Thurber, a force of three hundred enthusiastic men and women of Nashua and neighboring towns, with wonderful teamwork, put over a short, snappy campaign, which will be recorded as the best of its kind in this vicinity and will always redound to the credit of all who took part in it. The campaign finished with more than $12,000 over the quota, and since that time the amount has reached $175,000 or more. I am informed that the Campaign Treasurer, Mr. Charles A. Johnson, has already received cash for one-third of the amount subscribed. To credit by name all who deserve it for their work in this campaign is beyond the scope of this report. The Campaign has done this privately.

Your Committee records with satisfaction the fine spirit of work and co-operation in the Hospital force from the Superintendent down. It commends the interest of nurses in their individual cases and their ambition to "relieve suffering and get their patients well."

Mr. Herbert L. Flather, in addition to his work as Treasurer, has, as always, been invaluable to the Hospital for his untiring and unselfish efforts in all mechanical and constructive lines where such knowledge was needed.

Signed,

A. W. SHEA,

Chairman.

Training School Committee

To the Nashua Hospital Association,

Gentlemen:

Your Training School Committee submits the following report for the year, 1924:

The end of 1924 finds the training school in a very satisfactory condition, with twenty-three undergraduates. The personnel was never better, the girls all having a high standard of education and ethics. They seem much interested in their work, both theoretical and practical, and even with the excessively crowded state of the hospital have accomplished their work faithfully and well.

Nine nurses were graduated in June, six of whom passed the State board with honors. One of these, Mrs. Ahern, is doing good work as night supervisor.

Nine girls entered training this year. Seven have been accepted. Two are still on probation.

For many years I have stressed the need of more and better housing for the nurses. A beautiful adequate home is no longer a vision, but a dream about to become a realty through the hard work and generosity of the well wishers of our fine institution. All honor to the citizens who so nobly supported our recent campaign. The public will share the benefits with the hospital and the nurses.

We are fortunate in having retained the services of our able superintendent, Miss M. A. Wallace, and her three capable assistants, Miss Anna McDougal, operating room supervisor, Miss Celeste Amerault, supervisor of the first floor and Miss Francis Benfield, supervisor of the ground floor.

Respectfully submitted,

E. B. ATHERTON, M. D.

Treasurer's Report for 1924

To the Nashua Hospital Association:

The Treasurer submits the following as his report for the year ending December 31st, 1924:

Amount to be accounted for:

Balance on hand December 31, 1923	$ 3,725.69

AUDITOR'S REPORT

I hereby certify that I have examined and audited the books and accounts of the Nashua Hospital Association and find them correct as per statement submitted by the treasurer, Mr. H. L. Flather. I have also seen and examined his report for the past year—the bank account, the investment account and the securities in his personal care, and find all to be as reported by him.

Respectfully submitted,

HERBERT E. KENDALL,

Auditor.

REPORT OF THE

Trustees of the Public Library

FOR THE

FINANCIAL YEAR

1924

CITY OF NASHUA

Report of the Librarian

The following is the report of the Librarian for the year, 1924:

The circulation of books for the year was 125,128, which is an average of 10,435 a month. The increase over 1923 is 5381; 1678 books were added to the collection—of this number 206 were gifts. Deducting the number of volumes lost, worn out and discarded, the net gain to the collection is 302, making the total number of books in the library 38,613.

The total number of registered borrowers is 3584, which is slightly over 12½% of the population of the city. The reference work with students and teachers has increased greatly over the year 1923. With a larger amount of money to buy new reference books and an added assistant on full time, the efficiency of this part of the library's activities could be doubled.

The number of distributing agencies has increased. We have a deposit station at Cown Hill, which is circulating an average of forty books a day. The hours are from 3:00 to 5:00 in the afternoon. Through the courtesy of the Board of Education, the Crown Hill kindergarten is used for this station. That there is an earnest desire for library service in that part of the city is shown by the fact that the Badger Mothers' Club gave a supper and raised $70.00 to purchase new books.

With the closing of the Chestnut Street Branch came the problem of serving the children of that district. About 100 books are now on deposit at the Ash Street School. Miss Mary T. Mulvanity, principal of the school, gives generously of her time, in charging the books so that the children and adults may take them for home use.

The picture collection, started two years ago, has now become a real department of the library. With the generous gifts of Mrs. Helen B. Underhill and Mrs. Anne R. Congdon, added to those already at the library, the number of mounted pictures is now 3300. Mr. Leonard F. Burbank has mounted and classified the entire collection, and made it possible to put the pictures into circulation. Already several teachers have used them for work in their classes, and it is hoped that many more will avail themselves of this opportunity.

Statistical tables according to the specification of the American Library Association follow.

Respectfully submitted,

ALICE T. ROWE,

Librarian.

Secretary.

REPORT OF THE

CITY SOLICITOR'S REPORT

FOR THE
FINANCIAL YEAR
1924

CITY OF NASHUA

Report of City Solicitor

To His Honor, the Mayor, and Board of Aldermen of Nashua:

Gentlemen:—

I wish to make the following report for the year ending December 31, 1924.

In the Superior Court I have entered my appearance in the following suits:

Berube v. Nashua,—water damage to cellar.

Latour v. Nashua—right of way.

Newman v. Nashua—water damage to cellar.

Wolfson v. Nashua—no cause alleged.

Crowell v. Nashua—defective highway.

Crowell v. Nashua—defective highway.

Jefferson et al. v. Nashua—injunction against removing trees.

Markarian et al. v. Nashua, damages in street widening proceedings.

Wonalancet Co. v. Nashua —tax appeal.

Tilton v. Nashua—damage in street widening proceedings.

The Tilton case has been adjusted on the basis of the original award of damages made by the Board of Aldermen.

A claim for property damage, made by one, Joseph Goodrow, of Leominster, Massachusetts, was considered and liability denied. No suit has been brought so far in this matter.

A claim for additional compensation relative to the James B. Crowley school, was made by the Eastern Power & Heating Corporation of Boston, Massachusetts, but liability was denied. So far no suit has been filed in this matter.

Relative to the widening of the passageway from Main

Street to Court Street just north of the City Hall and Police Station, the matter was taken up with Mr. Nelson and finally adjusted satisfactorily to the City; and the necessary papers executed.

In regard to the claim for tax rebate filed by the E. E. Taylor Company, the matter was adjusted to the satisfaction of the Board of Assessors.

The legal formalities, requisite for the taking over of the land required for the widening of Main Street south of West Pearl Street, were completed.

Oral and written opinions were given to the various departments of the City Government.

Respectfully submitted,

ALBERT TERRIEN,

City Solicitor.

REPORT

OF THE

BOARD OF EDUCATION

FOR THE

FINANCIAL YEAR

1924

CITY OF NASHUA

Report of the Board of Education

CITY OF NASHUA

Clerk's Office, Jan. 30, 1925.

At a regular meeting of the Board of Education held January 30, 1925, the reports of the Superintendent of Schools, Assistant Superintendent, Principal of the High School, Principal of the Junior High School, Principal of the Evening School, Directors of Music, Manual Training, Drawing, Domestic Science, and the School Nurses, were accepted. It was voted to print three hundred copies of the same.

ALBERT J. McKEAN,

Clerk.

Report of the Board of Education

ORGANIZATION FOR 1925

ALVIN J. LUCIER, President

ALBERT J. McKEAN, Clerk

MEMBERS

Arthur L. Wallace, 19 Manchester St.	Masonic Temple
Chas. E. Congdon, 30 Concord St.	77 Main St.
Arthur DeMontigny, 258 Main St.,	95 Main St.
J. C. Mandelson, 40 Berkeley St.	179 Main St.

Terms expire Dec. 31, 1925

	(Nashua Div.)
Walter F. Norton, 10 Webster St.	M. T. L. & P. Co.
Alvin J. Lucier, South Main St.	Second Nat. Bldg.
Della H. Allton, 5 Beard St.	5 Beard St.
Marcel Theriault, 8 Kinsley St.	115 Main St.

Terms expire Dec. 31, 1927

Albert J. McKean, 36 Concord St.	64-66 E. Pearl St.
Oscar M. Flather, 41 Orange St.	16 Pearsons Ave.
Mary L. Kittredge, 11 Concord St.	11 Concord St.
Dennis L. Hallisey, 125 Palm St.	239 Main St.

Terms expire Dec. 31, 1929

Board meets regularly the last Friday of each month at 7:45 P. M.

STANDING COMMITTEES

Attendance—Hallisey, Theriault, Wallace.
Domestic Science—Mrs. Allton, Norton, Mrs. Kittredge.

ORGANIZATION OF THE BOARD

Drawing—Flather, Mrs. Allton, DeMontigny.
Evening Schools—Mandelson, Theriault, Hallisey.
Finance—Hallisey, McKean, Mandelson.
Houses—Norton, DeMontigny, Mandelson.
Manual Training—DeMontigny, Flather, Hallisey.
Medical Inspection—Wallace, Flather, Kittredge.
Music—Mrs. Kittredge, DeMontigney, Flather.
Supplies—Mandelson, Wallace, Norton.
Teachers—McKean, Mandelson, Norton, Mrs. Allton, Lucier.
Text Books—Congdon, Wallace, Mrs. Allton.

SUB-COMMITTEES

Athletics—Mandelson, Theriault, Flather.
High School—McKean, Wallace, Norton.
Kindergartens—Mrs. Alton, Norton, Mrs. Kittredge.

SUPERINTENDENT OF SCHOOLS

Charles H. Noyes, 25 Auburn St. Municipal Bldg.

ASSISTANT SUPERINTENDENT

Thomas W. Sheehan, 41 E. Pearl St. Municipal Bldg.

CLERK

Marcella St. Onge, 97 Chestnut St. Municipal Bldg.
Office hours: Every school day, 8:30 to 12:00 M., and 1:30 to 5:00 P. M. Saturdays during school terms, 9:00 to 12:00 M. Tuesdays in all vacations from 2 to 4:15 P. M.

ATTENDANCE OFFICER

James F. Mulvanity, 113 Blossom St. Municipal Bldg.
Office hours: 8:45 to 9:15 A. M., and 1:45 to 2:15 P. M.

Report of the Superintendent

To the Board of Education,
Nashua, N. H.

The following, together with reports from the heads of various school departments, constitutes the annual report of the schools for the calendar year ending December 31, 1924.

According to the school census, which was taken this year by the substitute letter carriers, as it was last year, the number enrolled in the public schools was 4207, 183 more than were in the schools a year earlier. The complete tabulation shows in the day schools, public and private 6689
in the night schools 582

a total in the schools in Nashua of 7481

During the year

Mr. Walter A. Peck resigned and is teaching elsewhere.

Miss Ada C. Langley resigned to be married.

Mrs. Lois J. Coulom resigned and is teaching elsewhere.

Miss Lillian M. Murphy resigned and is teaching elsewhere.

Mrs. Emma G. Batchelder resigned not wishing to teach longer.

Miss Jeannette Grover resigned to be married.

Mrs. Ella F. Lee secured a year's leave of absence.

Miss Katherine Lee secured a year's leave of absence.

Miss Hattie Dary secured a year's leave of absence.

Miss Fannie A. Morrison secured a leave of absence for a term.

Miss Elsie A. Bowers and Miss Josephine Callahan are also out on leaves of absence.

Miss Jennie L. Reynolds, the faithful assistant principal of the Quincy St. school, died October 27, 1924 and on the same day Miss Clara E. Upton, who had retired after a long and most honorable teaching career, died very suddenly.

At the opening of the fall term the school building owned by the Greek Orthodox Community and situated on Ash St. was hired and opened as a public school. The large hall accommodates the kindergarten that had been using small hired rooms on Pine St. One of the two school rooms is occupied by a first grade, which for several years had been in a corridor at the Palm St. School, and the other school room is used by a fourth grade. Before opening this school there had been no grade above the third in that section of the city.

The Ash St. building is used by the Greek Community every night for a private Greek school of about one hundred pupils.

The old Mt. Pleasant building was torn down soon after the close of the spring term and a new twelve-room building on the same lot is rapidly nearing completion. The pupils from this school are meeting afternoons in the Junior High building. There are six rooms used in this way. The Mt. Pleasant kindergarten holds its sessions in the public library.

The Harbor School has been replaced by the James B. Crowley School built on the same location as the one occupied by the old Harbor School. The new building was first used by classes December 3, 1924.

In this school there are occupied today a kindergarten, one room each for the first four grades, and two rooms for the fifth grade. Four rooms are not occupied but they are likely to be needed at an early day.

This is the first kindergarten established in the Harbor district. It is fortunate in having very cheery, sunny rooms, with fresh furnishings and entirely new equipment. Nashua now has ten kindergartens. There has been no demand for reopening the one in the O'Donnell district.

Extensive improvements were made during the summer

in the Belvidere building and the Junior High building, the former now has good sanitary plumbing.

The sewer has been extended in the streets north of the Lake St. School and a pipe laid to the school building. The large building on Arlington St. should be connected with the sewer system as soon as possible.

Next June the pupils in the sixth grade will have completed the six years of work prescribed by the New Hampshire program of Studies. The pupils who have done this work satisfactorily should be ready to enter the Junior High School. They are the first group to take the State course from Grade I to Grade VI. Also next June the pupils under the old course of study who have completed the seventh grade will likewise be ready to enter the Junior High School. These two groups will make a large entering class for that school to care for. Probably the number will not be as large as might be expected for many will undoubtedly be better off to take another year before trying the Junior High School work.

It is too early to settle upon the entire organization for next fall but transferring some of the older elementary pupils to the Crowley School and to the Mt. Pleasant School should make room for the increased attendance in the Junior High School. There has been a marked tendency to overcrowd the buildings in the center of the city.

The teachers in the High School and in the Junior High School attended a course of lectures given at the High School by Professor Bancroft Beatley on Secondary Education. The cost of this course was met partly by those who took the course and partly by the Board of Education.

One of the outstanding accomplishments of the year was the adoption by the Board of a new salary schedule for the women teachers. This schedule was agreed upon unanimously by the full Board after a long study of salaries had been made by a special committee which was appointed in June 1924. Some of the principal features of the plan are

the adding of $200.00 to the former maximum salary of each teacher from the kindergarten to the High School, and the opportunity to earn by professional study $300.00 more than the regular maximum. The plan is intended first to lengthen the period in which a teacher is reaching the highest possible salary; second to encourage professional improvement while in service and third to reward successful experience. Incidentally inducements are held out to those who secure full certification from the State Department of Education, a way is provided to reward any teacher who renders exceptional service, and the school year is made thirty-eight weeks for all the schools of the City.

In my opinion no more important action than the adopting of this schedule has been taken by the Board for a long time.

Respectfully submitted,

CHARLES H. NOYES.

Superintendent of Schools.

Report of the Assistant Superintendent

Mr. Charles H. Noyes,
Superintendent of Schools,
Nashua, N. H.

Dear Sir:

Herewith I respectfully submit to you a report of the activities of the office of Assistant Superintendent of Schools from January 1, 1924 to January 1, 1925.

Teachers' Courses.

The elementary teachers have been interested in professional improvement by means of courses. Their purpose has been to acquire a better understanding of the newer methods in classroom procedure. Prominent lecturers were invited to visit Nashua and present their views. The honoratium received by each lecturer came from a fund to which almost every elementary teacher in the system subscribed. This is testimony of their splendid teamwork and active interest in advancing the standards of the schools.

That there must have been a direct connection between the topics discussed and the strengthening of every day teaching is apparent from the following list of subjects and lecturers:—

Making Teaching a Profession—Prof. Leslie Olin, Cummings
Educational Measurements as an
Aid to Teachers—Prof. Edwin Adams Shaw.
The Relation Between Anatomical Growth and Mental Age—
Dr. Daniel Prescott.
The Teacher's Responsibility for Guidance in Education—
Prof. John Marks Brewer.
Character Tests—Dr. Edward A. Lincoln.

Standard Tests and the Classification of Pupils—Prof. Walter F. Dearborn.

The Purposes of Public Education—Dean Henry Wyman Holmes.

The lecturers are members of the faculty of Harvard University Graduate School of Education. Four are conducting the work of the Psycho-Educational clinic at Harvard University and have examined many thousands of normal and exceptional children in the public schools of many cities. The results of the researches made by these educators were presented to the teachers. Hence, they made contacts with the very latest developments in educational theory and practice. These lectures are, however, but one of the means used by teachers to obtain professional improvement, a factor every teacher should constantly have before his mind. There are many and important changes taking place in the education world. Each owes it to himself, as well as to the city which employs him, to seize all advantages for self-improvement as far as health and finances permit.

The New Professional Library.

An item of fifty dollars was included in the school budget last year for the purchase of professional books for teachers. This is the beginning of a teachers' library. The books are kept in the office of the superintendent and are loaned to teachers upon request. Books on the psychology of the several school subjects, the problem and project methods, educational measurement, talented and defective children, have been purchased. Many teachers eagerly took advantage of the opportunity to read these modern books on educational problems. Those preparing for the State examinations found the volumes of special aid. It is the plan of the school executives to add to the collection every year.

The New Special Class.

In my report of last year I stated that conditions warranted the opening of another special or opportunity class. I am

glad that the Board granted my request and such a class was opened in the Temple Street Building. This new class is composed of children somewhat younger than those in the other special classes. They are, however, too old to study with advantage beside the normal child of their school grade. Because of inferior mental ability, loss of school study due to illness or frequent changing of residence, such children have become greatly retarded. These classes are smaller than the ordinary school classes because the teachers must have the opportunity to give individual instruction. Here frequently, at the psychological moment, the teachers by giving individual help, save many a child from being ranked as a failure. It is quite impossible to give this help in a large class. I believe the opportunity offered to the younger children by this new class is a decided step in advance toward our goal of providing equality of opportunity for all children. By meeting the special needs of children early in their school life, they may soon be able to advance with others of their grade and thus save a year. The economic as well as the educational value of such a procedure is evident.

Meetings.

During the past year we have had many meetings of teachers and principals. Sometimes problems of general interest were discussed. At others, matters pertaining to a given grade or subject were topics for consideration. The most helpful form seemed to be the meeting of teachers of the same grade. The number of teachers was so small that they could meet "around the table" and discuss topics vital to the work of all. The topics to be discussed are sent to the teachers a week or two before the time scheduled for the meeting. The following is taken from a notice I sent to teachers:—

Subject: Geography

1. Types of method used.
2. Difficulties met: lack of interest, limited vocabularies, etc.

3. Favorable and adverse criticisms on our geography texts,

4. Measurement of results obtained.

The method you use.

5. Suggestions for improving work.

The idea behind these directions is that the teacher is not coming to the meeting simply to listen. She is coming not simply to criticize adversely, for she is requested to think of devices for improving the work.

There are, of course, advantages in the general meetings of all teachers of all grades. Such meetings aid in the development of an esprit de corps. One such meeting held last year deserves special mention. It is important that a teacher in any one division of the school system should see and know about the work of the other departments. With this in view, a general meeting was held at which one representative from each department was given ten minutes to tell the main characteristics of and the reasons for the work in that phase of the school enterprise. Kindergarten, Elementary, Junior High, Senior High, Household Arts and Manual Training activities were presented so that each teacher might visualize the entire school offering.

In April during the Institute held by the State Department of Education, Nashua first and second grade teachers presented a well thought out program illustrating the main features in the History course for their grades. This contribution caused many throughly merited expressions of praise for the teachers, both from individuals and from the press.

Mental Hygiene Clinic.

During the past year, owing to the efficient work of the Community Council, we have been aided in the solution of some rather troublesome educational problems. Boys, who have appeared in court for delinquency, and have been given mental and physical examinations by Dr. A. E. Brownrigg, M. D. Others, not court cases, have been examined upon request

of the teachers. The whole purpose has been to find the causes for the delinquency of the child either in or outside the school and to apply remedial measures. Each case has been studied scientifically and for the benefit of the individual and the community. The school department has been furnished with copies of the results of these examinations, so that teachers may study the findings. Very frequently these data shed light upon difficulties met in the classrooms.

School Exhibit.

During the past year our teachers have been saving school papers and samples of other hand work for an exhibit to be held in the James B. Crowley School building in January. This exhibit has not been the end, although in many cases it has served as a desirable incentive, of the school studies. As the teachers performed their daily work with the pupils, papers which seemed worthy of exhibition, were saved. A school exhibit may be a highly artificial display not representing the real, every day accomplishments of children. Papers may be rewritten again and again until announced "perfect" by the teacher. Such work is rarely observed in the regular activities of the schools. Some of the papers we have ready for the exhibition were rewritten, but only once. It has decided that a division of labor would expedite this work. Hence, each school was assigned and held responsible for the work in one or more school subjects. The purpose of this exhibit is to give the public a knowledge of the main topics in the courses of study, grade by grade. It is the plan to make this exhibit of school accomplishments as comprehensive as possible.

Physical Education.

I repeat the suggestion made a year ago that Nashua employ a director of physical education. This city should not be satisfied simply with the care for the physical development of a few high school athletes. We should seriously consider the care and physical development of all the boys and all the

girls. Calisthenics carried on between desks in narrow aisles are not sufficient. We should have a broad program of folk games and organized plays, military tactics and light athletic games. We should use a standard physical equipment tests so that the individual may see for himself whether or not he meets the requirement of pupils his age and grade. In this way we shall reach not only a few gifted children but all.

For the successful execution of such a program a director is needed. For such a position it is not necessary to employ a successful football or baseball player. The United States Bureau of Education outlines the following good qualifications for a leader:—

1. In the first place this teacher must be in possession of an accurate, technical, and scientific knowledge of the laws and principles of physiology and anatomy and their application to hygiene and health habits.

2. This teacher must be capable of vitalizing and humanizing the information.

3. Most important of all, this teacher must aim to be always "Gloriously well." A glowing example is half the battle, particularly with high-school students, in whom hero worship is strong.

To arouse public interest in such a program of physical education, Mr. Norman Fradd, an instructor in the Department of Physical Education of Harvard University, was invited to address parents and teachers here last May. His discussion of the value of corrective work, emphasizing posture of the youth in American schools, left no doubt as to the wisdom of such work in the minds of the audience. It is my hope that the time is not far distant when Nashua will take her place with numerous other cities in promoting a comprehensive program of physical education for the boys and girls.

Language.

The problem of teaching the English language to new Americans is not confined to our Evening Schools. Many of our day schools are confronted with the same arduous task.

In some of our first grades, more than eighty-five percent of the little children know very little or no English. Coming from homes in which the knowledge of the English language is meagre, and the meaning of American institutions vaguely understood, they present an exceedingly difficult educational problem. This handicap, in the case of all too many children, is not overcome for several years. The study of reading and litterature, history and geography are pursued much more slowly than in those schools where children have quite an extensive vocabulary in English. Theoretically, at least, as much is required, grade by grade, of all these children. The usual text book is designed to meet the needs of the American born child. I have no immediate solution for this problem, but I am working with the cordial co-operation of the teachers to aid all to advance as rapidly as thoroughness in school work will permit. During the past year a new text on the method of teaching English has been given each grade teacher and the results from its use indicate progress.

I thank you and the other school officials for kindly assistance during the year.

Respectfully,

THOMAS W. SHEEHAN,

Assistant Supt. of Schools.

Report of the Principal of the High School

Mr. Charles H. Noyes,
Supt. of Schools,
Nashua, N. H.

Dear Sir:

I herewith submit the annual report for the Senior High School for the year 1924.

The most apparent condition which will soon require remedy is additional room for the regular annual increase of pupils. The building which five years ago provided for about a seventy-five per cent increase in enrollment is now filled to and beyond capacity, there having been an increase of ninety-one per cent, and under present conditions the school can accommodate but a very few more pupils. As the upper classes continue to grow larger there is an urgent demand for more laboratory room, especially for the Physics department.

Attention ought to be called to the fact that since I assumed the principalship of the high school forty-three new teachers have been added to the faculty, an average of more than seven new teachers each year or almost a thirty-three per cent overturn. It is not at all a debatable question as to what would happen to other institutions or business concerns if they lost one third of their managers each year. The value of a teacher to a particular school does not begin to reach its maximum until she has been connected with that school longer than any of its pupils. Our unfortunate experience has been that at about this time many have resigned. The instruction in college prepatory mathematics has suffered most since four different teachers have taught this subject in the last five years. The student's ability to pass the college en-

trance examinations is due in a large measure to the instructor's ability to discard many of the ordinary methods and center all energy upon the one aim, college examinations.

This year an attempt has been made to develop a system of physical exercises, thus organizing in a small way the energy usually wasted at the recess, which has been discontinued. The day has been divided into thirds instead of halves, and a few minutes taken for exercise and relaxation after the second period and lunch after the fourth period. This change not only gives vent for a considerable amount of excess enthusiasm, but it also brings the pupils to the end of the day with an increased vitality. The time for physical exercise should be lengthened, in fact it seems wise to increase the length of the school day thirty minutes. There are certain extra-curricula activities which should be recognized but the time should not be taken from the recitations. Debating, chorus work, orchestra practice, class meetings, and extra assembly periods could be provided for by this longer day. The teaching of citizenship, which is one of the chief aims of the high school, cannot be accomplished simply by reading about it from a textbook; it must be practiced and these extra supervised and organized activities will somewhat meet that need.

In view of the fact that so many pupils leave school before graduation, some even after only one year, I suggest that a course of Community Civics, or Social Science, or Community-life Problems, or whatever the name, be offered to the Freshmen. These pupils go out into the city with little knowledge of the duties of a citizen or of the machinery or ideals of our local, state, or national government. The school should train these pupils as soon as possible in their career so that when they leave they will be better prepared to do that which they will try to do.

The regular monthly faculty meetings have this year been of a strictly professional character with the idea of teacher improvement and inspiration. Most of the matters of the

routine business-type of meetings can easily be handled by notices or short after-school meetings. The material for the meetings has been found in educational texts, educational magazine articles, and from the teachers' experience. The general line of work for each half year was carefully decided upon and the topics announced a month in advance. During the first half year the following topics have been discussed: September, Plans for the Year; October, The Project Method of Teaching; November, the Objectives of My Course: December, School Management; January, The Objectives of My Course.

In accordance with the Changes recommended by the National Committee on Mathematical Requirements, it seems imperative to change the Mathematics Course as it is now taught in the Freshman year to the General Mathematics suggested by the Committee. This change is also made necessary since this is the last year that the College Entrance Examination Board is to give an examination adapted to our kind of course.

The record which the Nashua High School has maintained for several years in sending its pupils to higher educational institutions has been rather high. However, the number entering college as shown by the following table is just about the same as that of other New England cities. The table follows:

	Nashua High School					New England
Class of	1920	1921	1922	1923	1924	Cities
% remaining to graduate	47	49	47	64	65	44
% of graduuates who enter college	19	33	29	22	21	24
% going to college by examination	3	7	6	3	2	5.6
% of enrollment taking non-college courses	61	67	65	67.4	65.5	62.4
(% of those going to college by certificate)	3	7	4	3	5	

These comparisons show that many more pupils complete their high school course in Nashua than in the average New England city. This is undoubtedly due to the variety and the flexibility of the curricula which are now offered. Formerly many pupils who left high school would have remained to complete their education if work suitable to their needs had been offered. The table also shows that a very small per cent of the pupils enter colleges demanding either examinations or certificates. Those who enter by examinations are chiefly girls seeking admission to the larger woman's colleges.

The membership of the school at present is divided as follows:

	Latin	Latin-Sci.	Gen'l	Com'c'l	M'l Arts	Dom. Arts	Tot'l
Seniors	15	48	41	39	7	5	155
Juniors	30	36	54	41	12	9	182
Sophomores .	53	21	26	73	36	7	216
Freshmen ...	73	10	27	123	48	6	287
	171	115	148	276	103	27	840
	20%	13.8%	17.7%	32.9%	12.1%	3.3%	

In closing I wish to thank you and the other school officials for your kindness and cooperation during the year.

Respectfully submitted,

Headmaster.

January 28, 1925.

Report of the Principal of Junior High

January 26, 1925.

Mr. Charles H. Noyes,
Supt. of Schools,
Nashua, N. H.

Dear Sir:

I am submitting to you my first annual report of the Junior High School. I wish to congratulate you upon the status and condition of this school which has withstood the vicissitudes of so many principals. It bespeaks a strong, stabilizing, teaching corps.

It is natural that I do not agree "in toto" with the organization, system, and methods. However, my wish has been to make changes slowly and with as little disturbance as possible. I shall emphasize a few of my most salient objections to the system as it is:

(1) I recommend to the serious consideration of the Board of Education the adoption of the 6-3-3 plan. It is appropriate to make this recommendation at this time as we are eliminating the ninth grade this year. By experience educators are unanimous throughout the country in their condemnation of the 6-4-2- plan. It has been found that the 6-4-2 plan has most of the disadvantages of the old grammar school. Pupils in the first year of high school should be grouped with the junior high. They are more closely allied to this group both on the basis of mental and physical development. The freshman class is the bane of most high school teachers. Why? I think it is mainly because they make the same approach to them as they do to the older classes and fail to make proper readjustments. The junior

high age is the most crucial time in a child's life. Two years is insufficient time to become acquainted with all the vagaries of these children. We are just at the time when we can do something for them when they leave us. The 6-3-3 plan will solve the present congestion of the high school. While this face is incidental it is worthy of consideration.

(2) The Board of Education ought to consider the feasibility of two sessions for the Junior High School. Having had experience with both plans I am ready to assert that I have secured better results educationally under the two session plan. The following are some points in its favor:

(a) It is the most natural arrangement of time.

(b) The element of fatigue enters more strongly into a session of five hours duration.

(c) Because of this fatigue the last part of the one session period is of little value.

(d) The element of fatigue at the adolescent period is of the utmost consideration.

(e) The one session requires the beginning of school at too early an hour for children of this age.

(f) Because of this early hour many children leave home before their parents have arisen and therefore with little or no nourishment.

(g) Because of the lateness in closing school few children have a warm lunch.

(h) As a result of the two statements above a large percentage of children have only one warm meal a day.

(i) Many children go directly from school to the moving pictures.

(j) Pupils to a large extent spend the afternoon on the street.

(k) In the homes of some foreigners both parents work leaving the children to use the afternoon according to their desire.

(i) The one session is largely a matter of tradition and sentiment. Proponents of the one session will contend that

(a) the afternoon is necessary for recreation.

(b) the conduct of pupils in the afternoon rests upon the parents.

(c) the distance to a central junior high school is too great for two sessions.

(d) there would be a big increase in the cost of carfare.

(e) many puipls would have to bring their lunch and a noon day problem would arise.

In answer I might say that—

(a) the afternoon is little used by the pupils for proper recreation. In fact, it is abused to such an extent that after the afternoon has been wasted the child is in no physical or mental condition to even study at night. For physical results see L. P. Benezet's article in the Parent-Teacher.

(b) it is true that the parents are responsible for the pupils in the afternoon but in this day and age there are various responsibilities of which the parents seem to be unaware. For the good of the child some agency must assume the responsibility.

(c) Some pupils are making two trips each day to our sixth grades from just as great a distance. These are younger pupils yet there is no complaint. The question of distance may be found in other cities of the size of Nashua. The noon hour would be of sufficient duration to allow time for distance and exercise.

(d) in view of the fact that school will begin at 8:45 A. M. it will not be necessary for pupils to ride on the cars for both sessions.

(e) a very small percentage actually need to work.

(f) this contention is answered in (c), and if it is necessary for pupils to remain at noon a warm lunch ought to be provided and the pupils ought to be under the supervision of a teacher employed for that purpose.

(3) I advocate the removal of the special rooms from the Junior High School building. This group by their very

nature should be segregated. Their influence is bad and their association is undesirable for junior high school pupils who are at a very impressionistic age. The removal becomes almost imperative in that there will be an influx of over two hundred pupils from the sixth grades.

(4) I suggest that one teacher of the high school be appointed for one year to study the junior high school. Likewise one teacher of the junior high school should be appointed to study the senior high school. By this exchange we can better appreciate each other's problems and a closer correlation of the two schools be secured.

(5) The Junior High School should be approved by the State Department of Education. At present it is not approved because mathematics are not required in the commercial course. While there may be some ground for the omission of mathematics yet it is bad policy for us to allow the status of the school to be misunderstood because of a minor detail.

(6) Some method should be employed for determining the cost of maintenance of the Junior High School and the per capita cost. It is impossible to make such an estimate now as the Junior High School carries the load of Specials, Seventh Grades, and Evening School.

(7) The Board of Education should pass a ruling forbidding any credit for summer or tutoring work unless such work has been outlined by the Superintendent, and the pupil has passed a satisfactory examination given by the superintendent or Principal.

General

With the approval of the superintendent I have made some minor changes in the program of studies. The status of Commercial subjects in the Junior High schools is debatable. In particular this is true of Typewriting and Stenography. Typewriting has been eliminated from the first year in order to make a better transition to the High School.

Stenography is being taught to a selected group who have shown proficiency in English. An investigation is now determining the results of this teaching since its inauguration. Business English has extended through both years. The principles of Business English are the same as good English. The second year duplicates much of the work of the first year. It would seem advisable to limit it to one year, thereby allowing the introduction of another subject which would contribute more directly to high school preparation. General Science was taught without a text book. The work was somewhat vague and lacked continuity. This year we have adopted a text which serves to make the work more definite. The mathematics course needs revision. It is our desire to follow the recommendations of the National Committee. This change will take place with the elimination of the ninth grade. The English work is of a very high character. The subject itself offers a teacher unlimited opportunity. The work is vitalized for the most part i. e., the pupils have a motive for their work. The Broadcaster, Assembly, and Nashua Booklet have furnished means for definite expression. It would be well to consider the establishment of a printing department in the school as there is no better means of improving English. The other subjects seem to be functioning properly and need no comment.

The organization itself lacks flexibility. A greater degree of defferentiation is particularly desirable in the Junior High School. I have such an organization in mind which can be introduced if there is a reorganization to the 6-3-3 plan.

The system also requires the teaching of too many different subjects by each teacher. This has been remedied in some cases and it is my intention to continue the departmental idea.

The increase in the registration of pupils in September necessitated the use of another room and the organizing of

another section. Miss Gertrude Jacques was engaged for this work.

The appointment of a secretary to the principal has benefited the school in various ways. Our office is now conducted on a business basis. Much clerical work has been taken from the teachers so that they can devote all their energy to teaching. The Principal is relieved to some extent from office duty and is teaching two classes in Latin. The records of the Junior High School are now in proper order.

Activities

1. Athletics

The Junior High School was represented by Basketball and Baseball teams. Both of these teams were of a high calibre due to efficient coaching. Mr. Hargrove has done much to build up in Junior High School the idea of fair, clean play. In the spring a baseball league was conducted in order to give more boys an opportunity to participate. Mr. J. C. Mandelson offered a silver trophy for the winner of this league. It is to be regretted that the girls do not have more opportunity to exercise. We have attempted to improve this condition by a hand ball court in the rear yard and by a baseball team under the direction of Miss Buckley.

2. School Paper

"The Broadcaster" has had another popular year and has excited favorable comment by many school officials. The paper has been particularly improved in the drawings and cover designs. This work has been done in conjunction with the classes in Art.

3. The Nashua Booklet

The second year classes conducted a valuable project in the preparation and publication of the Nashua Booklet. This required much investigation. The result justified the work. The booklet "Historical, Educational and Industrial Nashua" has received much approbation from Educators throughout

the country. Scarcely a week passes but requests for copies come from various sources. The Journal of Education contains a description of this booklet. The School takes this opportunity to thank the Rotary Club for its financial support in the undertaking.

4. **Prize Speaking**

We have instituted an annual prize speaking contest. The art of speaking is being revived in many schools. Approximately fifty took part in the preliminary contest. The final contest consisted of eight speakers. Plans are under way for the second annual contest.

5. **Assemblies**

The time of assembly has been changed to 10:20 Wednesday morning. This was done to enable parents to come to our assemblies. The assembly is largely in charge of the pupils. At this time they have an opportunity to give expression to their various talents and abilities as well as to listen to instructive and entertaining programs.

6. **School Library**

The school libarry has been increased by the Parent-Teacher fund. Four hundred dollars ($400.00) were expended for various reference books. The Nashway Woman's Club gives us subscriptions to some of the best periodicals.

7. **Physical Exercises**

Physical drill is conducted once a day under pupil leadership. It is doubtful if any great benefit is derived from these exercises. Exercises which are helpful to one child may be harmful to another. The writer has had opportunity to discuss this matter with Dr. Aldinger, Head of Physical Education, in New York City Schools. He maintains that there should be frequent drills of short duration to counteract fatigue. These drills do not necessarily develop physically but relax certain muscles which have been contracted and con-

tract others which have become relaxed. To be of value physical education must be under the direct guidance of a physician. It is hoped that your committee will soon introduce in Nashua a proper program of physical education.

7. **Clubs**

I have pointed out in several talks this year the necessity of clubs in Junior High School to satisfy certain instincts of the adolescent period. Each boy and girl is expected to belong to at least one club. I am subjoining a list of clubs which are in existence in the school.

Art Club
French Club
Music Club
Girls' First Aid Club
Mathematical Wrinkles
Picture Club
Radio Club
Latin Club
History Club
Dramatic Club
Improvement Club
English Club
Boys' First Aid
Nature Club
Nnow-your-City Club
Letterman's Club
Health Club
Athletic Club

8. **The Home and School**

The faculty realizes the need of securing and retaining the cooperation and confidence of the parents. This has been accomplished in divers ways.

(a) Periodical bulletins are sent to the parents acquainting them with facts and events of our school as well as educational matters of importance.

(b) Monthly letters are sent to parents regarding scholastic standing and deportment.

(c) Regular meetings of the Parent-Teachers Association are held.

(d) Numerous Teachers have regularly made home visitations.

(e) Special visiting days are held.

(f) Parents receive a weekly invitation to assemblies.

(g) Two teachers are publishing a Parent-Teacher paper.

9. **Parent-Teacher Association**

The Parent-Teacher Association has enjoyed a prosperous year.

This association presented "Pot-Pourri" at the city auditorium realizing $572.21. This money was used mainly for the purchase of new books for the school library. A small amount was donated to the Athletic fund. There are plans materializing now for duplicating the success of last year. This association is without question one of the most potent factors in our school for creating a mutual understanding between home and school.

10. **Music**

Chorus was formerly conducted in two large groups. This was not found to be conducive to the best results. At present, Mr. Hood meets several sections at a time. We expect that the results obtained will be better. Two glee clubs are under the directions of Miss Margaret Cote. One is composed of boys, the other of girls. Last year these clubs entertained on several occasions. Miss Ruth Kelley is in charge of a splendid orchestra, which furnishes music at assemblies, parties and Parent-Teachers meetings.

11. **Junior Police**

The situation of the Junior High School at the junction of Cottage and Temple Streets, has caused some anxiety re-

lative to traffic conditions. The conditions were investigated by the Police Department and the Lions Club. At their suggestion we have introduced the Junior Police plan. At the close of school pupils have charge of the control of the traffic. It is only fair to state that we have placed the emphasis upon the pupil rather than the traffic officer and that the plan is somewhat of a modified form of the usual system. It is too early to ascertain its success.

The hazard at recess has been reduced by restricting the girls to the enclosed yard on the south and east sides. The boys are restricted to Cottage Street between Pearl and Temple. If we could secure authority to close this portion of Cottage Street at recess the danger would be entirely eliminated.

12. **Honor Code**

An honor code has been adopted in our Junior High School. I shall not go into detail concerning this as the entire plan was outlined in the Nashua Telegraph. It is sufficient to point out the essentials of good citizenship.

Repairs

During the summer recess our building was entirely refinished. Steel ceilings are now in all rooms. The teachers' room has been remodeled and is in excellent condition. There are a few minor needs but it is advisable to wait until the Mt. Pleasant school has left before these defects are remedied. The building is being used to the fullest extent. On three days in the week there are almost continuous sessions from 8:00 A. M. to 8:30 P. M.

Attendance

The attendance of our school is excellent. I attribute this high record to the spirit of the school as well as to efficient and tactful service of the attendance officer, Mr. James Mulvanity.

Tardiness

The tardiness question is negligible. I think that our record last year was superior to any previous year in that our standard was higher. A tardiness constitutes a tardiness irrespective of what the reason may be.

Scholarship

That the Junior High School is functioning is evidenced by the splendid record of her graduates in high school. The following statistics regarding the work of our pupils in high school during the last period may interest you:

Percentage of Marks in Subjects of Pupils from J. H. S.

	A	B	C	D	F
English	12+	34+	29	17+	6+
French	16+	32+	36+	13+	
Latin	26	26	34	14	
Type.	3+	10+	58+	22+	4+
Anc. History	16+	39+	26+	13+	3+

Percentage of Marks of Pupils not coming from J. H. S.

	A	B	C	D	F
English	2+	23+	34+	19+	19+
French	6+	8+	29+	29+	25+
Latin	2+	12+	21+	44+	19+
History	6+	16+	36+	30+	9+

Conclusion

The Junior High School has aimed to prepare its pupils for high school. It likewise has aimed to prepare them for the duties and responsibilities of citizenship.

We have realized our purpose to some extent but it is our serious hope that the present year may be richer in accomplishments.

I take this opportunity to express my appreciation to the Board of Education for their aid and interest, to the Superintendents for their advice and cooperation, to the teachers of the Junior High School for their splendid loyalty and industrious efforts.

Respectfully submitted,

EARL T. TRACEY,

Principal.

Report of the Director of Music

Nashua, N. H., January 2, 1925.

To Mr. Charles H. Noyes,

Superintendent of Schools.

Dear Sir:—

This the twenty-eighth annual report of the Director of Music is submitted with the feeling that the music department of the schools is progressing with enjoyment and sincere interest on the part of the pupils, with much good accruing from the study of music with the best text books published on the subject, namely the new Music Education Series, with splendid poetry in all the songs, with music that cannot be surpassed anywhere.

Since the High School singing is the ultimate test of the ability of the students to produce beautiful music in a manner in keeping with what the profession requires, it is a pleasure to say that the High School Chorus, 225 voices, taken from the three upper years in that school, took part as is the custom in this city in Nashua's twenty-fourth annual music festival, May 15 and 16, when this chorus produced two condensed versions of Wagner's opera "Lohengrin," and Verdi's "Il Trovatore," two of the greatest operas of the world. In this concert the school was assisted with professional talent from New York and Boston, Miss Doris Emerson, soprano; Mrs. Marion Aubens Wise, contralto; Charles Stratton, tenor, and John Peirce, baritone, with the Boston Festival Orchestra furnishing the accompaniments, and Miss Mildred L. Chaplin, pianist.

It was the verdict of the large audience who heard the concert that never has a High School Chorus in Nashua sung

better in these twenty-four years of musical activities in giving these fine concerts to the public.

For the Twenty-fifth Annual Music Festival, to be given during National Music Week, May 7 and 8, 1925, this chorus, 225 voices, all the stage in the City Auditorium will accommodate, will produce a condensed version of the opera "Carmen," composed by George Bizet, with professional talent from New York and Boston, with the Boston Festival Orchestra furnishing instrumental support. The opera "Carmen" will take up a little more than one hour of the evening, and the remainder of the concert will be provided by the soloists and the orchestra.

The High School orchestra, twenty-four pieces, is doing splendid work, and already has appeared twice in public and gave a good account of itself, playing some of the world's classics and some of the latest orchestra music.

In the twenty-eight years of his work with the schools the director of music has never known the pupils to get as much enjoyment and benefit from the study of music as these are getting at the present time. This is due in a large part to the fine work the teachers are doing, and to some extent to the excellent material the Board of Education is providing for the work.

To the Board of Education, to the committee on music, to you Mr. Noyes, and to the teachers from the primary grades and up, I feel sincerely grateful for all the help given this department.

Sincerely yours,

EUSEBIUS G. HOOD,

Director of Music.

Report of Manual Arts Department

Mr. Charles H. Noyes,
Supt. of Schools,
Nashua, N. H. January 28, 1925.

Dear Sir:

I submit to you the report of the Manual Arts Department for the year 1924.

There has been a slight increase in the enrollment this year. The courses continue the same as last year. The electrical course in Auto-Mechanics has progressed more favorably and new equipment has been added. This gives the students an opportunity of testing out the various electrical apparatus on an automobile, such as a motor, generator, and coil. A new set of models has been worked out in the Industrial Class in the Junior High School, and is working very satisfactorily. The boys are interested in these practical models, and various electrical laws are worked out in their construction. This course opens a new field in the industrial world and gives a boy a much wider choice of occupations to help him "find himself."

This year, as in the past, a large amount of work outside of the regular class work has been done. A bicycle shed 160'x6'3"x6'x6" high, sloping back to 4 ft. 4 in. was built in the rear of the Junior High School. This shed will accommodate seventy-five (75) bicycles. The work was done by the boys in the 8th and 9th grades and the specials. Work was done during the year totaling nearly 1800 hours.

The old philosophy of training the hand and mind to work together is the same kind of philosophy that some teachers use in having their students build abstract models and throwing them in the scrap pile when they are completed.

Dr. Brewer of Harvard says, "A game of billards would answer the same purpose, as far as training the hand and the mind to work together are concerned."

The more progressive cities of today are offering a large variety of vocational courses, such as Wood-working, Pattern making, Foundry, Machine shop, Printing, Blacksmithing, Auto-Mechanics, Electrical courses, Sheet metal work, Mechanical Drawing, and Architectural drawing. These courses when supplemented with classes in occupations, enable a boy to "find himself," and choose more wisely a vocation.

In order that we may offer our boys as large a vocational curriculum as possible, I earnestly recommend that a course in printing shall be given this Fall in the Junior High School. Printing has an educatinoal value which no other form of school work offers. The occupation of a printer is not merely mechanical; it is an occupation requiring 75 per cent of mental perception to 25 per cent of hand skill.

Night School

This year evening school opened with a large enrollment; nearly one hundred (100) men taking industrial work.

The men appreciate the opportunity given them to advance in their chosen vocation. This is shown by the interest in their work and their attendance. When we consider their attendance is voluntary, and we have a nightly attendance of nearly eighty-eight per cent (88%,) it speaks well of these men and it is a pleasure to work with them. A number of these men have asked for a longer session of night school. I offer for your consideration the following:

That the vocational courses run for sixty nights of two and one-half hours, instead of our present arrangement of thirty nights of two and one-half hours.

I thank you, Mr. Superintendent, for your support and co-operation, and the members of the Board of Education.

Respectfully submitted,

JOHN GODDARD,
Director.

Report of Director of Domestic Science

Mr. Charles H. Noyes,
Supt. of Schools,
Nashua, N. H.

Dear Sir:

On the first of January Miss Dorothy F. O'Meara of Seymour, Connecticut was elected to teach Domestic Science, taking the place of Miss Grace Healy who resigned to be married. Miss Healy had taught sucessfully in this department for five years.

On January seventh the Sophomore cooking class of the High School cooked and served luncheon to a group of fifty women from the State Federation. Again on January fourteenth the same girls cooked and served dinner to about one hundred members of the Rotary Club. We were glad to have the privilege of presenting our work to Nashua citizens in this way.

In March and also in November the Junior High cooking classes served refreshments at recess to the parents who were visiting the school on those days. This seemed a good method of attracting the visitors to our rooms and gave the girls who helped a lesson in hospitality.

With the opening of school in September one of the sewing rooms in the Quincy Street building was given up for a grade class room and Room 15 which is next the cooking laboratory in the Temple Street building was taken in its place. This makes for better permanent equipment in the Junior High School and still leaves one sewing room at Quincy Street.

Since October we have been serving a hot lunch at noon at the High School lunch room. We hope to benefit teachers

and pupils by providing good food at a reasonable price also to use the products of the cooking classes to better advantage.

For eight weeks during the spring term two cadet teachers, Seniors at the University of New Hampshire, were sent to Nashua to do their required practice teaching in this department. The extra time and effort of the regular teachers in planning and working with them was balanced in some measure by their assistance with classes, while their eagerness of the work and fine spirit of cooperation was stimulating to us all. On the whole the arrangement seemed an advantage to the department.

The above are the outstanding incidents of the year. In other respects the work of the Household Arts department has been continued as before with a gradual improvement in details.

Respectfully submitted,

MARY E. A. PILLSBURY,

January 29, 1925.

Report of Director of Drawing

Mr. Charles H. Noyes,
Supt. of Schools,
Nashua, N. H.

Dear Sir:

During the year 1924 the work throughout the elementary schools has proceeded about as usual. Examples of all lines of work were shown at the exhibit which took place recently at the James B. Crowley School.

In the Junior High School we have offered special instruction in design to small groups of pupils. Two clubs, as they are called, were formed and meet one period each week. The pupils have worked enthusiastically decorating trays, tin boxes and other useful articles. Miss Wallace, who has recently taken special work at the University of Vermont along those lines has been my assistant in this work.

Class two, in the Junior High School has made three interesting covers for the school paper, "The Broadcaster." The decorative units, which ornament the cover were printed from linoleum blocks. All the pupils in the class competed for the honor of furnishing the designs and the chosen designs were cut on the blocks by boys whose record showed that they were skillful in manual work.

Ten teachers, including myself, have engaged a special teacher to come to Nashua and give a course in the application of designs to fabrics. While this course has no direct application to school work it is valuable as a cultural study, and will indirectly benefit our teaching.

The question of storing drawing supplies has again become a problem because both at the Senior and Junior High

Schools the domestic science department has spread out, and occupied rooms, and closets which used to be the exclusive possession of the drawing department. It is fortunate that there will be room for the drawing department to keep some supplies at both the new James B. Crowley and Mt. Pleasant schools.

Respectfully submitted,

ELIZABETH L. BUCKINGHAM.

Report of School Nurse

Mr. Charles H. Noyes,
Supt. of Schools,
Nashua, N. H.

Dear Sir:

From the results obtained in the Dental Clinic during the year 1923-24 we are able to say that this branch of Medical Inspection has proven to be most successful. Some of the neglected cases that are brought to the clinic are at times problems for the dentist. His aim is to do that which is best for the child. This may mean extraction though it is not always pleasing to the parents, as they desire the tooth to be saved, despite the condition.

For example: in September a child was referred to the clinic for treatment. She told the dentist that her teeth had ached all summer. On examination he found it necessary to extract ten of the deciduous teeth, as the nerves were exposed. Eight of the ten extracted were abcessed.

The work has increased greatly and the number of children needing dental treatment made it necessary to extend the dentists time from eight half days a month to fourteen half days a month, operating from 1.30 to 5.00 P. M.

For some time past we have tried to bring the parents' attention to the necessity of caring for the six year molar.

To aid us to accomplish this; litterature has been given the children to take home concerning the care of the teeth, especially the six year molar.

Generally the six year molar ruptures through at the ages from six to seven. In order that these teeth may be given immediate attention the work has been confined to the children in the first and second grades.

Dr. Cross of the Forsythe Dental Infirmary, who is an authority on the care of teeth, tells us that if the six year molar is defective, and not given attention six weeks after eruption, it nearly always results in the loss of the important permanent teeth.

Our plans for this year, after treating the children of the first and second grades are to extend the work to the higher grades.

The children are fortunate in having four very fine dentists in charge of the clinic. They treated 585 children last year. Tooth-brush drill has been given in all the grades, also a talk on general care of the teeth.

The principals and teachers of the various buildings have been most helpful. For this cooperation I wish to thank them.

Respectfully submitted,

ELIZABETH SULLIVAN, R. N.

Report of School Nurse

Mr. Chales H. Noyes,
Supt. of Schools,
Nashua, N. H.

Dear Sir:

The health work in the public schools for the year 1924 has continued with some changes.

I have assisted Dr. Davis in the examination of all pupils, teachers and janitors in the following schools: Amherst, Mt. Pleasant, Shattuck, O'Donnell, Belvidere, Arlington, Temple and Suburbans II and III, sharing High and Junior High with Dr. Mulvanity and Miss Beaudet. About 2000 pupils have been examined, defects recorded and notices sent to parents.

Weighing and measuring of children has been done and notices sent to parents of all children 10% or more underweight.

Through the voluntary services of Dr. Robert B. Kerr, Secretary of the New Hampshire Tuberculosis Association, many of the underweight children have had a second examination, ten school clinics have been held, 104 children have been examined, and treatment recommended for 30.

Free milk has been provided for a number of children who could not afford to pay for it. This was made possible through the help of the Community Council. A tag day was conducted October 18. With the tag day and some private gifts $542.93 was raised, making it possible to provide a lunch at recess for the underweight children who could not afford to pay for it.

Dr. Frank E. Kittredge has given his services operating upon a number of tonsil cases.

Dr. Mary Sweney gave her services to etherize the patients.

Dr. Nutter and Mr. Martin have given their services examining eyes and fitting glasses. The glasses being paid for by the city.

Through the Community Council all orthopedic cases have been taken to Dr. Jones and some mental cases to Dr. Brownrigg.

Much credit is due the kindergarten and home economic teachers for their co-operation in carrying out a health program.

Respectfully submitted,

ANNIE B. PETERSON, R. N.

Report of School Nurse

Mr. Charles H. Noyes,
Superintendent of Schools,
Nashua, N. H.

Dear Sir:

The following report dates from September 1924, as it was at that time that I took up the work of School Nursing.

I have assisted Dr. Albert F. Mulvanity, one of the School Physicians, in conducting medical inspection work and vaccinating pupils in the following schools and kindergartens: Lake Street, Palm Street, James B. Crowley School, Ash St., Quincy Street, Mulberry Street and Suburban Schools Nos. 4, 5, 7. In Senior and Junior High Schools, we have worked with Mrs. Peterson and Dr. S. G. Davis. Parents were notified of defects found and in many cases home visits were made.

Several school clinics have been held for the chest examination of all children 10% or more underweight and those in contact with tuberculosis cases. Dr. Robert B. Kerr, Executive Secretary of the New Hampshire Tuberculosis Association was the examining physician at these clinics and kindly gave his services to this very important preventive work. Twenty-eight percent of the pupils examined needed treatment and supervision. In most of the suspicious cases an Intracutaneous Tuberculin Skin Test was applied which greatly aids the physician in making his diagnosis.

Approximately 2000 pupils were weighed and measured in the above mentioned schools, except in the Kindergartens where the teachers volunteered to do it. Weight charts explaining causes of malnutrition and how to prevent the same were sent to the parents.

Pupils who were found to have defective vision, had their eyes tested and treated through the courtesy of Dr. Nutter and Mr. Martin. Those from needy families were provided with glasses by the Board of Education.

I wish to thank the parents, teachers, doctors, nurses and welfare organizations for their willing co-operation.

Respectfully submitted,

LUCY A. BEAUDET, R. N.

January 19, 1925.

Report of Principal of the Evening School

Mr. Charles H. Noyes,
Supt. of Schools,
Nashua, N. H.

Dear Sir:

I submit herewith the annual report of the Evening School for the year 1924.

I assumed the duties of principal of the Evening School in January 1924. As I entered after the school had been in session for several months it afforded me a good opportunity to study the school for improvements. The outstanding defects were deportment, tardiness and lack of uniform instruction.

Previous to the opening of school in the fall of 1924, a careful selection of teachers was made. A preliminary meeting was held at which detailed explanations were given regarding instruction and order. O'Toole's "Practical English" was selected as a basic text for the teaching of English to foreigners. A new form of registration was inaugurated which eliminated crowded conditions and saved time.

To impress upon the minds of Illiterate Minors the necessity of "law and order" as well as the opportunity of securing an education, a general assembly was held. Mr. Arthur DeMontigny spoke to the group concerning both of these phases of Evening School.

The change in the general attitude of the student body seems to have justified this preliminary work.

The fundamental aim of the Evening School is to furnish instruction in English and Americanization. However, there ought to be courses to appeal to those who have not entered High School or who have left before completing the High

School course. This need is partially filled by such subjects as English, Mathematics, Spelling, History, Geography, Civics, Typewriting, Stenography and Practical Arts.

However, it is my earnest hope that the Board of Education will allow work done in Evening School, approved by the Principal of the High School, to receive credit toward a high school diploma. This is safe and sane and is in practice in a number of cities. Such a ruling would bring another educational opportunity to the boys and girls of Nashua.

We have also introduced a course in Practical Politics. Following is the list of speakers and their subjects:

Speaker	Subject
Judge Frank Clancy	City Government
Hon. Wm. Sullivan	State Government
Rev. Porter Niles	Moral Obligations of Voters
Rev. Harry Hill	History of the Tariff
Mr. Martin Fitzpatrick	The Delinquent Child
Dr. Brownrigg	The Subnormal Child and the Municipality
Dr. Arthur Wallace	The Greatest Wealth in Health
Miss Eloise Lane	The History of the Political Parties
Mr. Whipple	The Manufacturer and the City
Mr. George Winn, C. E.	City Planning and Zoning
Hon. Wm. Barry	Our Federal Government
Hon. Henri Burque	Our Courts
Prin. O. Gorman	The Meaning of Citizenship
Mr. Oscar Flather	Recreation--A City Problem
Rev. Lawrence Barber	Subject to be announced

The School may be classified as follows:

1. Illeterate Minors. These are persons between the ages of 16 and 21 who cannot read and speak English understandingly, and who are required by law to attend Evening School.

2. Illeterate Adults. Persons 21 years of age or over who cannot read or speak English understandingly, but who are not compelled to attend Evening School.

3. Litterate Persons. These are 16 years or above who do not belong to either of the two classes.

The following data shows the composition of the school:

Different Nationalities

French	394
Yankees	87
Lithuanian	17
Polish	29
Greeks	26
Armenian	4
Jewish	4
Irish	9
Turkish	3
English	3
German	2
Syrian	1
Scotch	1
Italian	2
	582
Total enrollment	582
Present active enrollment	560
Number of compulsories	232
Number of volunteers	328

Illiterate adults—males	75	females	28	
Illiterate minors—males	114	females	118	
Literate adults—males	15	females	9	
Literate minors—males	28	females	39	
Cooking		females	10	
Sewing		females	28	
Shop Work—males	97			
	329		231	560

The Evening School has grown rapidly as shown by the enrollement of 582 which is a material increase over that of last year. The enrollment should be larger. I suggest to the Board of Education that a careful investigation be made next fall before the opening of school to procure the names of all who by law are compelled to attend. I have a strong feeling that the law is being evaded in some industries in this city.

The work of the Evening School has been carefully supervised by both Asst. Supt. Sheehan and the Principal. Mr. Morrison, State Agent of the Department of Education, has spent two evenings in inspection. Both the report of Asst. Supt. Sheehan and Mr. Morrison will give you an unbaised estimate of the school.

It is fitting in passing to mention the high degree of industry among the students, the hearty co-operation and painstaking efforts of the teachers, and the efficient work of the attendance officer, Mr. Mulvanity.

Respectfully submitted,

EARLE T. TRACY,

Principal.

TEACHERS' DAY SCHOOLS, JANUARY, 1924

GRADE OR POSITION.	NAME	ELECTION	SALARY

Total unrepeated registration in Day Schools	4,351

RESIGNATIONS, APPOINTMENTS AND TRANSFERS

RESIGNATIONS

Lillian Murphy, Assistant High School.
Ada C. Langley, Assistant High School.
Lois J. Coulom, Assistant High School.
Walter A. Peck, Assistant High School.
Hattie Dary, Grade 2, Arlington St. School.
Jeannette Grover, Grade 4, Quincy St. School.
Emma T. Batchelder, Grade 6, Quincy St. School.

APPOINTMENTS

Catherine McKay, Suburban No. 2.
Mary Moriarty, Suburban No. 3.
May Fanning, Suburban No. 4.
Loretta Jeannotte, Suburban No. 5.
Josephine Sanford, Assistant High School.
James H. Kenney, Assistant High School.
Cora Welch, Assistant High School.
Helga Johnson, Assistant High School.
Marion Morse, Assistant High School.
Miriam Downes, Assistant High School.
Dorothy Dale, Assistant High School.
Herbert W. Canfield, Assistant High School.
Ruth Wright, Assistant High School.
Gertrude Jacques, Assistant Junior High.
Elva Moran, Secretary Junior High School.
Georgie Alexander, Grade 6, Mt. Pleasant School.
Blanche Folsom, Grade 1, Ash Street.
Irene Holt, Grade 5, Crowley School.
Priscilla Ellis, Assistant Kinsley St. Kindegarten,

TRANSFERS

Christina Bingham, from Temple St. Gr. 7 to Temple St. Special.
Rose Lee, from Arlington Grade 4 to Quincy St. Grade 5.
Anna Malloy, from Suburban 3 to Quincy St. Grade 5.
Madlyn Crouse, from Suburban 5 to Arlington Grade 4.
Frances O'Meara, from Lake St. Grade 2 to Arlington Special.
Mary O'Connell, from Arlington Special to Arlington Gr. 2.
Mary T. Mulvanity, from Crowley Gr. 4 to Principal Ash St.
Marion Barrett, from Crowley Grade 2 to Crowley Grade 3.
Mary Bingham, from Crowley Grade 2 to Crowley Grade 4.
Margaret Sullivan, from Assistant Kinsley St. Kindergarten to Principal Kinsley St. Kindergarten.
Elizabeth Gray, from Principal Kinsley St. Kindergarten to Principal Crowley Kindergarten.
Anna O'Connell, from Suburban No. 4 to Lake St. Grade 2.

LEAVE OF ABSENCE

Kathryn Lee, High School.
Ella Lee, Palm Street.
Elsie Bowers, O'Donnell School.
Josephine M. Callahan, Suburban No. 2.
Fannie A. Morrison, Principal Mulberry St. School.

DEATH

Jennie L. Reynolds.

SUMMARY OF TRUANT OFFICER'S REPORT FOR 1924

	Number of School Rooms Visited.	Whole Number of Cases Investigated.	Number of Absentees	Number of Truants.	Number found in streets not enrolled in any School	Number found working without Certificate.	Number of Arrests.	Number released on Probation.	Number Sentenced.	Number of visits to Parents.	Number of Packages Delivered

Class Oration—The Motto
Leonard John KillKelley

Song—The Call of Duty Arthur Hadley

CLASS

Our flag a nation's pride upholds,
Stars and Stripes in glory bright,
The mem'ries high that thread your folds
Are the ideals of our might.
Your thirteen states, now forty-eight,
Speak of vic'tries not all battle won;
And the hist'ries of their growth relate
Tales of what a nation's toil has done.

Ever we'll serve Old Glory,
Loyal to her and true!
Her silver stars tell the nation's story,
Of lofty dreams that toil made true.
Old Glory bids us to scorn all shirking,
Study at duty's call.
That for the future working,
Our present make the good of all!

Not only when the bugles blare,
When the drums sound out their call,
Is there a duty we must dare,
A duty for one and all.
As day by day our task we do,
While the school hours wealth of knowledge yield,
Know we fight for the Red, White, and Blue,
On a calm and peaceful battlefield.

Ever we'll serve Old Glory, etc.
—Frederic H. Martens.

Class History

Mary Josephine Shea

Song—The Stormy Evening George W. Chadwick

CLASS

The stormy evening closes now in vain,
Loud wails the wind and beats the driving rain,
While here in sheltered house,
With fiery-painted walls,
I hear the wind abroad,
I hear the calling squalls.

"Blow, blow," I cry,
"You burst your cheeks in vain;
"Blow, blow," I cry, "my love is home again."

Yon ship you chased, perchance but yesternight,
Bore still the precious freight of my delight,
That here in sheltered house,
With fiery-painted walls,
Now hears the wind abroad,
Now hears the calling squalls.

"Blow, blow," I cry,
"In vain you rouse the sea,
"My rescued sailor shares the fire with me."
—Robert Louis Stevenson.

The valedictorian is the highest in rank. The orator and historian were chosen by the class from the first third. The class pianist was chosen by the musical director.

The June number of the Tattler, containing the class parts, prophecies, and photographs, will be on sale after the exercises. Price 25 cents. Copies may also be obtained at the Transfer Station and the Rexall Store.

REPORT

OF THE

PARK COMMISSION

FOR THE

FINANCIAL YEAR

1924

CITY OF NASHUA

Annual Report of Park Commission

To His Honor the Mayor and Board of Aldermen:—

Perfect harmony with the different Departments prevailed and much has been accomplished during the past year. Always keeping a close watch over the expenditures of Park Funds and keeping the cost down.

The driveway through the Greeley Park is now completed, having received a dressing of tarvia the past season and ought to be serviceable for a number of years. We are getting the continuation of this drive in condition now with ashes and we are in hopes that in another year this will be finished, so that the people can go through from Concord Street at one end of the Park and come out onto Concord Street at the other end of the Park, making a nice drive or walk through the finest white oak grove in southern New Hampshire. The small wading pool continues to be an enjoyable place for the children during the hot summer months. Nothing has been done to the East Side of Concord Street as yet, although there has been some talk of a lawn tennis court. Other improvements will be made during the coming year in accordance with general plans for the Park.

The special appropriation of $5000 for the South Common was used in filling the hole, left by the removal of the gravel, in the center of the Common and bringing to a grade the Northwest corner. Five hundred loads of loam has been dumped here from Artillery Pond basin and about one hundred more loads are needed. This will be graded and seeded down this year. With a double row of trees set out all around the Common and a cluster of spruces in the northwest corner, also a wading pool, will make South Common a

beauty spot and a pride to the neighbors and citizens in general. A new fence has been built from Otterson Street to Chestnut Street, this will keep all autos and teams off of the Common.

The old bleachers on North Common were placed so that they now act as a grand stand and the ball field was put in a good condition but the out field will be leveled and seeded down. We intend to fill in along first base line to permit another section of bleachers being placed there, this will make one of the best diamonds in the state and will fill the requirements until the new athletic field is ready. The large back stop and bases will be moved this summer on the Manchester Street side and bleachers erected to enable the boys to play base ball more safely. The improvements will be appreciated by many who use the grounds during the summer.

More then ten thousand yards of dirt was dumped and leveled into basin of Artillery Pond last year, and has shown a decided improvement. The up-keep of the skating rink has been a trifle high and steps will be taken this year to lower the cost.

Harbor swimming pool grounds is a barren waste, but with a number of shade trees and shrubs can be made beautiful, this will be made a real fact this summer.

The other Squares and Ovals have their usual attention and we are in hopes of placing a few more seats on Monument Square as this seems to be the spot where of a hot day in summer crowds of men, women and children gather.

We have kept the moths back by removing the branches with their nests and also by spraying the foliage. A great amount of trouble came from the satin moth last year that was found only in poplars and cherry trees, these will be looked after more closely this year.

The Park system needs a larger appropriation this year but so many other things that are required by other departments we will endeavor to live within our appropriation.

Financial statement:

Balance on hand Jan. 1st, 1924	$ 253.97

REPORT OF THE

Recreation Commission

FOR THE
FINANCIAL YEAR
1924

CITY OF NASHUA

Playground and Recreation Commission

To the Mayor and Board of Aldermen:—

The Playground and Recreation Commission beg to submit a report of their work for the year 1924, the details of the activities at the different playgrounds being covered by the report of Mr. Ray Pendleton, the Director, which accompanies this report.

We take occasion to publicly commend the efficiency of Mr. Pendleton's work during the past two summers. He has had the hearty co-operation of his assistants, who are almost entirely younger residents of the city who are fitted by nature or training to do the work and the results secured are excellent.

This report should also acknowledge the assistance given by Miss Theresa Schmidt, the Field Secretary of the Playground and Recreation Association of America and other representatives of the same organization, who frequently visit Nashua to give us, without charge, valuable suggestions. Through them we are enabled to learn of and adopt many of the best features of other Playgrounds throughout the country.

We were able to increase our activities at the various Playgrounds, accomplish much that we planned at the beginning of the year and do something on other features which were not anticipated when our budget was made up a year ago and still be within the amount appropriated.

The Board of Aldermen appropriated $300 late in 1923 as a starter toward providing an ice rink for skating. We found this amount to be entirely inadequate, nearly all of this sum being required for equipment and the cost of maintenance is

heavy, although the results achieved, in our judgment, warrant the expense. The rink was thronged night and day throughout the season and was used very generally by people of all ages from all sections of the city. Not a life was lost during the season on account of skating in dangerous places. The Rinks this year have been moved to the South Common, the requirements on the North Side of the River being covered by the flooding of Artillery Pond by the Park Commission.

The Directors of the Nashua Country Club have given us the use of their equipment for a hockey rink, which has enabled us to establish on the South Common, in addition to the regular skating rink, a hockey rink where games are being played frequently by Nashua teams against out-of-town teams and excellent out-of-door recreation is supplied to large numbers of our citizens.

The members of your Honorable Board have but to visit the South Common any day when a game is being played to appreciate what wonderful pleasure and outdoor life is being enjoyed in clean sport by many people.

In the middle of the summer we were given the management and control of the splendid Salmon Brook Swimming Pool, so wisely made possible by the Mayor and your Board. An organization was quickly formed, the Bath House equipped and suits, towels and other accessories provided and within a few days after we learned that it was the desire of your Board that the Recreation Commission should operate the new swimming pool we had everything in perfect operating order.

The Salmon Brook Swimming Pool was much needed and the immediate patronage showed the appreciation of the citizens.

It was not known when our budget was made up in 1924 that this expense would be put upon us, consequently no provision was or could be made to cover, so the extra expense of both the Swimming Pool and Skating Rinks for 1924 must be covered by the appropriation for the year 1925. We be-

lieve that a good share of the cost of maintenance of the Swimming Pool will be covered another season by the rentals for lockers, suits, etc.

Rapid strides have been made in Recreational Facilities under trained superivision during the years since your Board first authorized the Mayor to appoint a Commission to develop it and it is very evident from the results secured that the benefits to the community are of inestimable value.

We feel it would be highly desirable if we could follow the lead of most of the more progressive cities and towns of the country in having a permanent supervisor who would be on duty throughout the year.

We hope your Honorable Board will co-operate with us and appropriate the sum asked so that we may continue our work along the constructive lines now mapped out.

Recreation and Playground Commission of the City of Nashua,

Oscar M. Flather, Chairman.
Mrs. Helen B. Underhill,
Auguste U. Burque,
Rev. Lawrence L. Barber,
William F. Sullivan.

Report of the

Recreation Commission of the City of Nashua

The playground season of 1924 was very successful. The attendance of the different playgrounds exceeded that of the previous year. The spirit of the workers was excellent throughout the season.

Four of the playgrounds remained the same as at the close of the 1923 season. Canal Street playground was dismantled and the apparatus moved to the school yard on Amherst Street. This filled a long needed recreational center in that part of the city.

The past season showed a change in the personnel of the working staff. Miss Olive Buxton and Ray Dobens were in charge of North Common, Miss Esther Goodmen and Leonard Kilkelly at Jackson Mills, Miss Isabel Avard and Dave Adams at Crown Hill, Miss Carrie Brown, Bert Bruce and Paul Bryant at South Common, and Misses Betty Tolles, and Dorothy Hallisey, and Charles Tamulonis at Nashua Mills.

All the workers attended the Playground Conference held at Lynn, Mass., under the direction of Miss Theresa E. Schmidt, Field Secretary of the Playground and Recreation Association of America. They returned home with a clearer and fuller knowledge of playground work and were able to apply themselves better in their recreational work.

Field's Grove Bathing Pool opened up at the same time as the playgrounds, with Fred Dobens in charge. Later when the pool was enlarged, bath house built and general improvements made by the city a larger staff was added. This included William O'Neil, Superintendent, Joseph Murphy and

Fred Dobens, life savers and Henry Gray special officer. This improvement gained instant favor with the people of Nashua as shown by the general use of the bath house and pool. The patronage warranted keeping the bath house open until two weeks after the regular playground season closed.

Weekly meetings were held every Monday at the Community Council Rooms to talk over the work accomplished and to make plans for the coming week.

The activities carried on were more numerous and extensive than at any previous time.

BASEBALL

The baseball league was composed of a team from each ground. Games were more closely contested. North Common won the pennant.

BASKETRY AND RAPHIA WORK

The numbers of baskets and articles of raphia was larger than ever and showed the interest that the children have in this kind of work.

DOLLS AND DRESSMAKING

A great many dolls were made and dressed by the members of the different playgrounds.

FLOWER MAKING

Crepe paper flower making was introduced for the first time. Miss French of the Dennison Paper Company came to Nashua and instructed the workers in this new kind of work.

MUSIC

North Common started a musical club for the first time. It is planned to have such clubs at all the grounds the coming season.

PICNICS

Picnics to nearby places were held by all the different grounds. The children enjoyed these very much. Lunch was taken along so they could spend the day.

HORSE SHOE PITCHING

Preliminary contests were held at the different grounds and the final meet at South Common. The winners showed pronounced skill in this sport. Prizes were offered by the Nashua Rubber Co.

TRACK

Each playground held a preliminary track meet, the winner competing at North Common on the final day. Prizes were donated by the different merchants in town.

BADGE TEST

The playground badge test was given to the children for the first time. Several from each ground were able to pass this test and received either badges or certificates from the Playground and Recreation Association of America.

The final day was held at North Common. This included a track meet for the boys and folk dancing for the girls. The handicraft work was on display.

PLAYGROUND ATTENDANCE

	Different Individuals	A. M.	P. M.
South Common	537	180	210
North Common	421	110	160
Crown Hill	293	75	100
Nashua Mills	348	170	185
Jackson Mills	169	40	50

The Playground Commission is indebted to the Community Council for its hearty support and co-operation. A room was provided for the commission to use as its headquarters. Miss Lee rendered valuable aid in every way and her advice and support will be greatly missed another season.

The Board of Public Works, the Police Department, and the Nashua Street Railway, co-operated in every possible way toward the success of the Playgrounds movement here in Nashua.

Respectfully submitted,

RAYMOND PENDLETON,

Playground Supervisor.
